

BIG WALNUT

LOCAL SCHOOL DISTRICT

Board of Education Meeting Program

Date of Presentation: 5/19/16

Program Overview:

Student of the Month Featured: Garrett Stover

Presentation:

"Newscast Theme"

Students will showcase our daily news program. Students will be narrating (live) the presentation and will be live streaming. This news program is an intricate part of our routine at BWE.

Students will introduce Mrs. Keating to present the Continuous Improvement Plan (CIP). This plan focuses on grade-level goals (academic achievement/grade level) and a building-wide goal (Positive Behaviors Intervention System (PBIS)).

Focus will bounce back to the students to introduce and explain Big Walnut Elementary's behavior initiative.

*Includes prerecorded commercials and interviews

Estimated time: 10 minutes

Connection to the BWLSD Continuous Improvement Plan:

Academic Goals: Focus on growth through personal and individualized instruction. Our staff strives to meet each child at their own level. We inspire students to learn through their own academic and interest level(s). Through these efforts, and regular monitoring of all students, we have seen great celebrations from each child.

Behavioral Goals: To recognize and encourage individuals on a personal level.

Staff to be Featured:

- Robin Keating
- Andrea Clark

Students to be Featured:

- Noah Belknap
- Celia Car
- Joselynn Matos
- Conor Watters
- Garrett Stover (Student of the Month)

To further enhance your interaction with this presentation, potential topics for consideration are below:

- What reactions have you heard from students as they work through the various components of this project? **(teachers/principal)**
 - Will be addressed through student presentation
- How is student understanding deepened in the core content areas through Project Based Learning? **(teacher/principal)**
- How has this project made you think about the subject differently? **(students)**
 - Will be addressed through student interviews
