

INTERSCHOLASTIC ATHLETICS

The Board of Education recognizes the value to the students of the District and to the community of a program of interscholastic athletics for students as an integral part of the total school experience.

The program should foster the growth of school loyalty within the student body as a whole and stimulate community interest in athletics.

The game activities and practice sessions should provide many opportunities to teach the values of competition and good sportsmanship.

The program of interscholastic athletics should provide students the opportunity to exercise and test their athletic abilities in a context greater and more varied than that which can be offered by a school or the School District alone. It should also offer an opportunity for career and educational development.

For purposes of this policy, the program of interscholastic athletics shall include all activities relating to competitive sport contests, games, events, or sport exhibitions involving individual students or teams of students of this District with those of another district.

The Board shall approve annually a program of interscholastic athletics.

The Board shall determine the standards of eligibility to be met by all students participating in the interscholastic program. Such standards shall require that each student be in good physical condition, be free of injury, and have fully recovered from illness before participating in any interscholastic athletic event.

No student may practice or compete in interscholastic athletics until the student submits a form signed by his/her parent or guardian, or by a person having care or charge of the student, affirming that each has received a concussion and head injury information sheet as prepared by the Ohio Department of Health.

Comment [WU1]: The revision reflects the provisions in the OHSAA Student Eligibility bylaw, specifically Bylaw 4-4-1, Exception 3 which provides that if a student failure to meet academic eligibility requirements is due to an "incomplete" given in one or more courses which the student was taking during the grading period in question, the student may have his/her eligibility restored by the Executive Director's office once the "incomplete" has changed to a passing letter grade under specific circumstances adequately documented by the District."

In addition to the eligibility requirements established by the Ohio High School Athletic Association, to be eligible for any interscholastic extra-curricular activity, a student must have maintained at least a grade-point average of the following at each grade level for the grading period prior to the grading period in which s/he wishes to participate:

7 th Grade	1.50 minimum GPA
8 th Grade	1.50 minimum GPA
9 th /10 th Grade	1.50 minimum GPA
11 th Grade	1.75 minimum GPA
12 th Grade	2.0 minimum GPA

This policy takes effect the second quarter of the 2018/2019 school year, with athletic eligibility based on the first quarter grades of the 2018/2019 school year.

If a student who becomes ineligible under these standards improves his/her grade point average during the current grading period to meet the eligibility standard, s/he may be reinstated at the beginning of the next grading period.

Students identified as disabled under R.C. 3323 and the IDEA are subject to the eligibility standards established by this policy unless specifically exempted by the express terms of their individualized education program (IEP). An IEP can specify the criteria by which a grade will be determined for (a) course(s), given the student's individual disability.

Student-athletes are permitted a "one-time" waiver of the GPA requirement during 7th or 8th grade years.

Student-athletes are permitted a "one-time" waiver of the GPA requirement during 9th through 12th grade years.

Students who earn a GPA of 2.5 or below will be placed on "Big Walnut Athletic Academic Watch". The student-athlete will be required to provide bi-weekly grade updates to their head coach. Head coach will be required to monitor the progress of the student.

Since the primary purpose of the athletic program is to enhance the education of participating students as indicated in this policy, the Board places top priority on maximum student participation and the values of good sportsmanship and fair play.

The Board further adopts those eligibility standards set by the Constitution of the Ohio High School Athletic Association (OHSAA) that are consistent with State and Federal law, and shall review such standards annually to ascertain that they continue to be in conformity with the objectives of this Board.

No student shall be excused from a class or supervised study for an extended period of time to participate in interscholastic athletics.

The Board further directs that only those students may participate in the program of interscholastic athletics who have:

- E. refrained from participation in a contest on a noninterscholastic team, or as an individual in the same sport during the school's season.

[√] Restoration of an "Incomplete" Grade

If a student's failure to meet the academic eligibility requirements is due to an "incomplete" grade given in one or more courses which the student was taking during the grading period in question, the student may have his/her eligibility restored once the "incomplete" has been changed to a passing letter grade provided:

- A. **the failure to complete the required coursework during the grading period was due to calamity day(s), family tragedy, or illness or accident as verified by a physician; and**
- B. **the "incomplete" was given in accordance with Board of Education grading policies and procedures and is applicable to all students in the school; and**
- C. **the previously scheduled work and/or exams is/are completed within the time period provided in Board policy for completing work required to convert an "incomplete" into a letter grade; and**
- D. **there is no evidence that the "incomplete" was given in order to afford the student extended time in order to provide the student tutoring or other educational services simply to avoid a failing grade.**

Specific documentation of criteria listed above (Items A-D) must be submitted to the Ohio High School Athletic Association (OHSAA) (See AG 2431) in order to be considered by the Executive Director for such a ruling.

2. The student receives written clearance that it is safe to return to practice or competition from a physician, in accordance with requirements set forth in R.C. 3313.539(E)(2), to grant a such a clearance.

The Superintendent is also to develop guidelines for ensuring that sportsmanship, ethics, and integrity characterize the manner in which the athletic program is conducted and the actions of students who participate. Such guidelines should include:

- A. criteria for judging these important qualities;
- B. procedures by which these values will be communicated to students, parents, and supporters;
- C. means for monitoring the behavior of each of these groups to ensure their behavior reflects high standards.

The guidelines should also provide a set of behavioral expectations for each type of participant as well as a Sportsmanship Code of Conduct which each type of participant is to follow. The Superintendent is authorized to implement suitable disciplinary procedures against those who violate this Sportsmanship Code.
