- Ms. Wecker stated that four student council students attended a leadership program in Columbus. It entailed athletic motivational speakers and leadership based games. She announced that volleyball and soccer have games Tuesday, the Powder-puff games are scheduled for the 24th, the LEO Club drive is Wednesday, Challenge Day is Tuesday and Wednesday of next week, the yearbook is selling ads and the junior class is selling spaghetti dinner tickets to raise money for prom.
- Dr. Fagan thanked Angie for the Coffee Chat at her home, it was well attended. She is pleased to announce that the BWHS PTO is up and running. She appreciates Mr. Jados efforts in getting the PTO up and running. The next meeting is scheduled for Monday, if you are unable to attend you can join the webinar. She toured the facilities with Mrs. Pollock, she loved walking around and seeing that the administration was not sitting behind desks but out and about in buildings with staff. She saw them with their sleeves rolled up and people working. She felt a sense of excitement from teachers toward visiting administrators, there was a mutual respect. Insurance committee working hard to look at implications of ACA - nothing to bring forward yet but conversations continue. She is volunteering at Challenge Day. With the recent shooting at a community college it has made her realize that we have no answers but we are taking every step possible to ensure the safety of our students.
- Mr. Wecker is a member on the Development Committee, he thanked Mrs. Pollock and Ms. Day for coordinating. Ms. Day has attended a great deal of twp and village meetings, her presence has made a difference. He wished the FFA students good luck when they present their projects in Louisville KY. The project is based on the land use and growth with Simon Tanger at the interchange. One of the students has an uncle that is a zoning inspector in twp and they are making full use of that knowledge, not just reading a book.
- Mr. Schneider completed the tour with Mrs. Pollock a couple of weeks ago, he echoed

Dr. Fagan's comments. However, as we move toward 2020 vision there are many things we are trying for first time, he appreciates attitude of trying things and not being afraid or saying I don't know how that works. He congratulated GRE for winning the homecoming parade spirit award. He thanked BWE for bringing COSI on Wheels to district. On the development front, he caught wind of a little bit more of multifamily units; he explained that multifamily units create such a burden all across the community. He encouraged officials to really think hard about these requests and the impact beyond what is occurring in just that particular zone. Sheriff Martin talked favorably about committee and our effort to be unified.

- Mrs. Hess watched the parade, she is enjoying how it is getting bigger over the years. Lots of friendly competition! She thought it showed what a community our size can do. Participated in Big Nut Strut, she thanked all the people there it personally means so much to her - administration, teachers, volunteers, over \$70,000 raised - 219 more people than last year. She asked everyone to get out and vote on November 3.
- Mrs. Pollock recognized the tremendous job our staff does to make the parade happen. Angie Stooksbury puts so much time into homecoming.
- Mrs. Meyer also toured district, she loves seeing kids in action and all the different things going on. She cannot wait to see facilities report, she was blown away at some of the buildings - how narrow the halls are and how full the buildings are. It was an eye opening experience, she thanked Mrs. Pollock for taking the time to show all the board around, it reminds us of why we are here doing what we are doing. She is excited that she is serving as a panelist for 6th grade projects at BWIS. The panel will vote and select projects that could have a great impact on our community.
