Rental Notes:

- Outside Groups(Group IV) vs Local Youth Teams(Groups II and III) are defined in the current facility use form.
- Local Youth Teams are supported by a local 501c3 non-profit organization and the teams are composed of a majority of Big Walnut students.
- Outside Groups - Any group that is not locally supported through a 501c3 non-profit organization and may have a roster with some or zero Big Walnut Athletes. Outside groups must request use at least 7 days in advance.
- Game - Definition (A game is defined as a use of the entire turf field for a maximum of two hours.)
- Big Walnut 7-12 teams will have first priority for use of turf time and Local Youth Teams will be awarded use over an outside group. Big Walnut believes in supporting our local athletics and community the best we can. In order to support our local community, we will attempt to prioritize field usage to organizations that best meet this objective.
- Proceeds from field rentals will be divided to help support District field operational costs, future field replacement costs, and athletic programming.
