Title	NONDISCRIMINATION AND ACCESS TO EQUAL EDUCATIONAL OPPORTUNITY
Code	po2260
Status	draft
Adopted	November 9, 2009
Last Revised	August 19, 2021
Last Reviewed	August 19, 2021

2260 - **NONDISCRIMINATION AND ACCESS TO EQUAL EDUCATIONAL OPPORTUNITY**

Any form of discrimination or harassment can be devastating to an individual's academic progress, social relationship and/or personal sense of self-worth. As such, the Board of Education does not discriminate on the basis of race, color, national origin, sex (including sexual orientation or gender identity), disability, age (except as authorized by law), religion, military status, ancestry, or genetic information (collectively, Protected Classes) in its educational programs or activities.

The Board also does not discriminate on the basis of Protected Classes in its employment policies and practices as they relate to students, and does not tolerate harassment of any kind.

Equal educational opportunities shall be available to all students, without regard to the Protected Classes, age (unless age is a factor necessary to the normal operation or the achievement of any legitimate objective of the program/activity), place of residence within the boundaries of the District, or social or economic background, to learn through the curriculum offered in this District. Educational programs shall be designed to meet the varying needs of all students.

In order to achieve the aforesaid goal, the Superintendent shall:

A. Curriculum Content

review current and proposed courses of study and textbooks to detect any bias based upon the Protected Classes; ascertaining whether or not supplemental materials, singly or taken as a whole, fairly depict the contribution of both genders, various races, ethnic groups, etc. toward the development of human society;

B. Staff Training

develop an ongoing program of in-service training for school personnel designed to identify and solve problems of bias based upon the Protected Classes in all aspects of the program;

C. Student Access

1. review current and proposed programs, activities, facilities, and practices to verify that all students have equal access thereto and are not segregated on the basis of the Protected Classes in any duty, work, play, classroom, or school practice, except as may be permitted under State and Federal laws and regulations;
2. verify that facilities are made available, in accordance with Board Policy 7510 - Use of District Premises, for non-curricular student activities that are initiated by parents or other members of the community, including but not limited to any group officially affiliated with the Boy Scouts of America or any other youth group listed in Title 36 of the United States Code as a patriotic society;

D. District Support

verify that like aspects of the District program receive like support as to staff size and compensation, purchase and maintenance of facilities and equipment, access to such facilities and equipment, and related matters;

E. Student Evaluation

verify that tests, procedures, and guidance and counseling materials, which are designed to evaluate student progress, rate aptitudes, analyze personality, or in any manner establish or tend to establish a category by which a student may be judged, are not differentiated or stereotyped on the basis of the Protected Classes.

Definitions:

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Complainant is the individual who alleges, or is alleged, to have been subjected to unlawful discrimination/retaliation, regardless of whether the person files a formal complaint or is pursuing an informal resolution to the alleged discrimination/retaliation.

Respondent is the individual who has been alleged to have engaged in unlawful discrimination/retaliation, regardless of whether the Reporting Party files a formal complaint or is seeking an informal resolution to the alleged discrimination/retaliation.

School District community means students and Board employees (i.e., administrators, and professional and classified staff), as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties include, but are not limited to, guests and/or visitors on School District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with, the Board, and other individuals who come in contact with members of the School District community at school-related events/activities (whether on or off District property).

District Compliance Officers

The Board designates the following individuals to serve as the District's Compliance Officers (also known as Civil Rights Coordinators) (hereinafter referred to as the COs).

~~{NOTE: Neola suggests the Board appoint both a male and a female CO in order to provide Complainants with the option to report their concerns to an individual of the gender with which they feel most comfortable. The COs may also serve as the District's Section 504 Compliance Officer/ADA Coordinator and Title IX Coordinator. Additionally, by appointing two (2) COs, there should always be a CO available to investigate a claim of discrimination that pertains to the other CO.}~~

The COs are responsible for coordinating the District's efforts to comply with applicable Federal and State laws and regulations, including the District's duty to address in a prompt and equitable manner any inquiries or complaints regarding discrimination, retaliation or denial of equal access. The COs shall also verify that proper notice of nondiscrimination for Title II of the Americans with Disabilities Act (as amended), Title VI and VII of the Civil Rights Act of 1964, Section 504 of the Rehabilitation Act of 1973 (as amended), and the Age Discrimination Act of 1975 is provided to students, their parents, staff members, and the general public. A copy of each of the Acts and regulations on which this notice is based may be found in the CO's office.

The Superintendent shall annually attempt to identify children with disabilities, ages 3-22, who reside in the District but do not receive public education.

The Board is committed to educating (or providing for the education of) each qualified person with a disability with persons who are not disabled to the maximum extent appropriate. Generally, the District will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the person in the regular environment, even with the use of supplementary aids and services cannot be achieved satisfactorily. If the Board operates a separate class or facility that is identifiable as being for persons with disabilities, the facility, program, and activities and services must be comparable to the facilities, programs, and activities and services offered to students without a disability.

In addition, the Superintendent shall establish procedures to identify students who are Limited English Proficient (LEP), including immigrant children and youth, to assess their ability to participate in District programs, and develop and administer a program that meets the English language and academic needs of these students. This program shall include procedures for student placement, services, evaluation, and exit guidelines and shall be designed to provide students with effective instruction that leads to academic achievement and timely acquisition of proficiency in English. As a part of this

program, the District will evaluate the progress of students in achieving English language proficiency in the areas of listening, speaking, reading and writing, on an annual basis (see AG 2260F). The Superintendent is responsible for verifying that a concentration of students who are Limited English Proficient (LEP) in one (1) or more programs is not the result of discrimination.

Reports and Complaints of Unlawful Discrimination and Retaliation

Students and Board employees are required, and all other members of the School District community and Third Parties are required to report incidents of unlawful discrimination and/or retaliation to a teacher, administrator, supervisor, or other District official so that the Board may address the conduct. Any teacher, administrator, supervisor, or other District employee or official who receives such a report shall file it with the CO within two (2) days.

Members of the School District community, which includes students or Third Parties, who believe they have been unlawfully discriminated/retaliated against are entitled to utilize the complaint process set forth below. Initiating a complaint, whether formally or informally, will not adversely affect the Complainant's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints under this policy, individuals should make every effort to file a complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

If, during an investigation of alleged bullying, aggressive behavior and/or harassment in accordance with Policy 5517.01 - Bullying and Other Forms of Aggressive Behavior, the Principal believes that the reported misconduct may constitute unlawful discrimination based on a Protected Class, the Principal shall report the act to one of the COs who shall investigate the allegation in accordance with this policy. While the CO investigates the allegation, the Principal shall suspend the Policy 5517.01 investigation to await the CO's written report. The CO shall keep the Principal informed of the status of the Policy 2260 investigation and provide the Principal with a copy of the resulting written report.

The COs will be available during regular school/work hours to discuss concerns related to unlawful discrimination/retaliation. COs shall accept reports of unlawful discrimination/retaliation directly from any member of the School District community or a Third Party, or receive reports that are initially filed with another Board employee. Upon receipt of a report of alleged discrimination/retaliation, the CO will contact the Complainant and begin either an informal or formal complaint process (depending on the Complainant's request and the nature of the alleged discrimination/retaliation), or the CO will designate a specific individual to conduct such a process. The CO will provide a copy of this policy to the Complainant and the Respondent. In the case of a formal complaint, the CO will prepare recommendations for the Superintendent or oversee the preparation of such recommendations by a designee. All members of the School District community must report incidents of discrimination/retaliation that are reported to them to the CO within two (2) days of learning of the incident/conduct.

Any Board employee who directly observes unlawful discrimination/retaliation of a student is obligated, in accordance with this policy, to report such observations to one of the COs within two (2) business days. Additionally, any Board employee who observes an act of unlawful discrimination/retaliation is expected to intervene to stop the misconduct, unless circumstances make such an intervention dangerous, in which case the staff member should immediately notify other Board employees and/or local law enforcement officials, as necessary, to stop the misconduct. Thereafter, the CO/designee must contact the Complainant, if age eighteen (18) or older, or the Complainant's parents/guardians if the Complainant is under the age eighteen (18), within two (2) days to advise of the Board's intent to investigate the alleged wrongdoing.

Investigation and Complaint Procedure

Except for sex discrimination and/or Sexual Harassment that is covered by Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities, any student who alleges to have been subjected to unlawful discrimination or retaliation may seek resolution of the complaint through the procedures described below. The formal complaint procedures involve an investigation of the individual's claims of discrimination/retaliation and a process for rendering a decision regarding whether the charges are substantiated.

Due to the sensitivity surrounding complaints of unlawful discrimination or retaliation, timelines are flexible for initiating the complaint process; however, individuals are encouraged to file a complaint within thirty (30) days after the conduct occurs. Once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within fifteen (15) business days of the complaint being received).

The procedures set forth below are not intended to interfere with the rights of a student to pursue a complaint of unlawful discrimination or retaliation with the United States Department of Education Office for Civil Rights (OCR). The Cleveland Office of the OCR can be reached at 1350 Euclid Avenue, Suite 325, Cleveland, Ohio 44115; Telephone: (216) 522-4970; Fax: (216) 522-2573; TDD: (216) 522-4944; E-mail: ocr.cleveland@ed.gov; Web: <http://www.ed.gov/ocr>.

Informal Complaint Procedure

The goal of the informal complaint procedure is to promptly stop inappropriate behavior and facilitate resolution through an informal means, if possible. The informal complaint procedure is provided as a less formal option for a student who alleges unlawful discrimination or retaliation. This informal procedure is not required as a precursor to the filing of a formal complaint.

The informal process is only available in those circumstances where the Complainant and the Respondent mutually agree to participate in it.

The Complainant may proceed immediately to the formal complaint process and individuals who participate in the informal procedure may request that the informal process be terminated at any time to move to the formal complaint process.

All complaints involving a District employee or any other adult member of the School District community and a student will be formally investigated.

As an initial course of action, if a Complainant feels comfortable and safe doing so, the individual should tell or otherwise inform the Respondent that the alleged harassing conduct is inappropriate and must stop. The Complainant should address the allegedly harassing conduct as soon after it occurs as possible. The Compliance Officers are available to support and counsel individuals when taking this initial step or to intervene on behalf of the Complainant if requested to do so. A Complainant who is uncomfortable or unwilling to directly approach the Respondent about the alleged inappropriate conduct may file an informal or a formal complaint. In addition, with regard to certain types of unlawful harassment, such as sexual harassment the Compliance Officer may advise against the use of the informal complaint process.

A Complainant who alleges unlawful discrimination/retaliation may make an informal complaint, either orally or in writing: 1) to a teacher, other employee, or building administrator in the school the student attends; 2) to the Superintendent or other District-level employee; and/or 3) directly to one of the COs.

All informal complaints must be reported to one of the COs who will either facilitate an informal resolution as described below, or appoint another individual to facilitate an informal resolution.

The School District's informal complaint procedure is designed to provide the Complainant with a range of options aimed at bringing about a prompt resolution of their concerns. Depending upon the nature of the complaint and the Complainant's wishes, informal resolution may involve, but not be limited to, one or more of the following:

- A. Advising the Complainant about how to communicate concerns to the Respondent.
- B. Distributing a copy of Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity to the individuals in the school building or office where the Respondent works or attends.
- C. If both parties agree, the CO may arrange and facilitate a meeting or mediation between the Complainant and the Respondent to work out a mutual resolution.

While there are no set time limits within which an informal complaint must be resolved, the CO or designee is directed to attempt to resolve all informal complaints within fifteen (15) business days of receiving the informal complaint. If the Complainant is dissatisfied with the informal complaint process, the Complainant may proceed to file a formal complaint and, as stated above, either party may request that the informal process be terminated at any time to move to the formal complaint process.

Formal Complaint Procedure

If a complaint is not resolved through the informal complaint process, if one of the parties requested that the informal complaint process be terminated to move to the formal complaint process, or if the Complainant, from the outset, elects to file a formal complaint, or the Compliance Officer(s) determines the allegations are not appropriate for resolution through the informal process, the formal complaint process shall be implemented.

The Complainant may file a formal complaint, either orally or in writing, with a teacher, Principal, or other District official at the student's school, the CO, Superintendent, or another District official who works at another school or at the District level. Due to the sensitivity surrounding complaints of unlawful discrimination, timelines are flexible for initiating the complaint process; however, individuals should make every effort to file a formal complaint within thirty (30) days after the conduct occurs. If a Complainant informs a teacher, Principal, or other District official at the student's school, Superintendent, or other District employee, either orally or in writing, about any complaint of discrimination/retaliation, that employee must report such information to the CO within two (2) business days.

Throughout the course of the process, the CO should keep the parties reasonably informed of the status of the investigation and the decision-making process.

All formal complaints must include the following information to the extent known: the identity of the Respondent; a detailed description of the facts upon which the complaint is based (i.e., when, where, and what occurred); a list of potential witnesses; and the resolution sought by the Complainant.

If the Complainant is unwilling or unable to provide a written statement including the information set forth above, the CO shall ask for such details in an oral interview. Thereafter, the CO will prepare a written summary of the oral interview, and the Complainant will be asked to verify the accuracy of the reported charge by signing the document.

Upon receiving a formal complaint, the CO will consider whether any action should be taken in the investigatory phase to protect the Complainant from further discrimination or retaliation, including, but not limited to, a change of work assignment or schedule for the Complainant and/or the Respondent. In making such a determination, the CO should consult the Complainant to assess whether the individual agrees with the proposed action. If the Complainant is unwilling to consent to the proposed change, the CO may still take whatever actions deemed appropriate in consultation with the Superintendent.

Within two (2) business days of receiving the complaint, the CO or designee will initiate a formal investigation to determine whether the Complainant has been subjected to unlawful discrimination/retaliation. (☒) The Principal will not conduct an investigation unless directed to do so by the CO.

Simultaneously, the CO will inform the Respondent that a formal complaint has been received. The Respondent will be informed about the nature of the allegations and provided with a copy of any relevant policies and/or administrative guidelines, including Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity. The Respondent must also be informed of the opportunity to submit a written response to the complaint within five (5) business days.

Although certain cases may require additional time, the CO or designee will attempt to complete an investigation into the allegations of discrimination/retaliation within fifteen (15) business days of receiving the formal complaint. The investigation will include:

- A. interviews with the Complainant;
- B. interviews with the Respondent;
- C. interviews with any other witnesses who may reasonably be expected to have any information relevant to the allegations;
- D. consideration of any documentation or other information presented by the Complainant, Respondent, or any other witness that is reasonably believed to be relevant to the allegations.

At the conclusion of the investigation, the CO or designee shall prepare and deliver a written report to the Superintendent that summarizes the evidence gathered during the investigation and provides recommendations based on the evidence and the definition of unlawful discrimination/retaliation as provided in Board policy and State and Federal law as to whether the Respondent has engaged in unlawful discrimination/retaliation of the Complainant. The CO's recommendations must be based upon the totality of the circumstances. In determining if unlawful discrimination or retaliation occurred, a preponderance of evidence standard will be used. The CO may consult with the Board's legal counsel before finalizing the report to the Superintendent.

Absent extenuating circumstances, within five (5) business days of receiving the report of the CO or designee, the Superintendent must either issue a written decision regarding whether the charges have been substantiated or request further investigation. A copy of the Superintendent's final decision will be delivered to both the Complainant and the Respondent.

If the Superintendent requests additional investigation, the Superintendent must specify the additional information that is to be gathered, and such additional investigation must be completed within five (5) days. At the conclusion of the additional investigation, the Superintendent shall issue a final written decision as described above.

If the Superintendent determines the Respondent engaged in unlawful discrimination/retaliation toward the Complainant, the Superintendent must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

☒] The decision of the Superintendent shall be final.

OR

~~[] A Complainant or Respondent who is dissatisfied with the final decision of the Superintendent may appeal through a signed written statement to the Board within five (5) business days of the party's receipt of the Superintendent's decision. The written statement of appeal must be submitted to the Treasurer/CFO.~~

~~In an attempt to resolve the complaint, the Board shall meet with the concerned parties and their representatives within twenty (20) business days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten (10) business days of this meeting. The decision of the Board will be final.~~

~~[END OF OPTIONS]~~

The Board reserves the right to investigate and resolve a complaint or report of unlawful discrimination/retaliation regardless of whether the student alleging the unlawful discrimination/retaliation pursues the complaint. The Board also reserves the right to have the formal complaint investigation conducted by an external person in accordance with this policy or in such other manner as deemed appropriate by the Board or its designee.

The parties may be represented, at their own cost, at any of the above-described meetings/hearings.

The right of a person to a prompt and equitable resolution of the complaint shall not be impaired by the person's pursuit of other remedies such as the filing of a complaint with the Office for Civil Rights, the filing of charges with local law enforcement, or the filing of a civil action in court. Use of this internal complaint process is not a prerequisite to the pursuit of other remedies.

Privacy/Confidentiality

The District will employ all reasonable efforts to protect the rights of the Complainant, the Respondent(s), and the witnesses as much as possible, consistent with the Board's legal obligations to investigate, to take appropriate action, and to conform with any discovery or disclosure obligations. All records generated under the terms of this policy shall be maintained as confidential to the extent permitted by law. Confidentiality, however, cannot be guaranteed. Additionally, the Respondent must be provided the Complainant's identity.

During the course of a formal investigation, the CO or designee will instruct each person who is interviewed about the importance of maintaining confidentiality. Any individual who is interviewed as part of an investigation is expected not to disclose to Third Parties any information that is learned or provided during the course of the investigation.

Sanctions and Monitoring

The Board shall vigorously enforce its prohibitions against unlawful discrimination/retaliation by taking appropriate action reasonably calculated to stop and prevent further misconduct. While observing the principles of due process, a violation of this policy may result in disciplinary action up to and including the discharge of an employee or the suspension/expulsion of a student. All disciplinary action will be taken in accordance with applicable State law and the terms of the relevant collective bargaining agreement(s). When imposing discipline, the Superintendent shall consider the totality of the circumstances involved in the matter. In those cases where unlawful discrimination/retaliation is not substantiated, the Board may consider whether the alleged conduct nevertheless warrants discipline in accordance with other Board policies, consistent with the terms of the relevant collective bargaining agreement(s).

Where the Board becomes aware that a prior remedial action has been taken against a member of the School District community, all subsequent sanctions imposed by the Board and/or Superintendent shall be reasonably calculated to end such conduct, prevent its reoccurrence, and remedy its effects.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful harassment/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by any Federal or State civil rights law, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Education and Training

In support of this policy, the Board promotes preventative educational measures to create greater awareness of unlawful discriminatory practices. The Superintendent shall provide appropriate information to all members of the School District community related to the implementation of this policy and shall provide training for District students and staff where appropriate. All training, as well as all information, provided regarding the Board's policy and discrimination in general, will be age and content appropriate.

Retention of Investigatory Records and Materials

The Compliance Officer(s) is responsible for overseeing retention of all records that must be maintained pursuant to this policy. All individuals charged with conducting investigations under this policy must retain all information, documents, electronically stored information, and electronic media (as defined in Policy 8315) created and received as part of an investigation, which may include, but not be limited to:

- A. all written reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;
- B. any narratives that memorialize oral reports/allegations/complaints/grievances/statements/responses pertaining to an alleged violation of this policy;
- C. any documentation that memorializes the actions taken by District personnel or individuals contracted or appointed by the Board to fulfill its responsibilities related to the investigation and/or the District's response to the alleged violation of this policy;
- D. written witness statements;
- E. narratives, notes from, or audio, video, or digital recordings of witness interviews/statements;
- F. e-mails, texts, or social media posts that directly relate to or constitute evidence pertaining to an alleged violation of this policy (i.e., not after-the-fact commentary about or media coverage of the incident);
- G. notes or summaries prepared contemporaneously by the investigator in whatever form made (e.g., handwritten, keyed into a computer or tablet, etc.), but not including transitory notes whose content is otherwise memorialized in other documents;
- H. written disciplinary sanctions issued to students or employees and other documentation that memorializes oral disciplinary sanctions issued to students or employees for violations of this policy;
- I. dated written determinations/reports (including summaries of relevant exculpatory and inculpatory evidence) and other documentation that memorializes oral notifications to the parties concerning the outcome of the investigation, including any consequences imposed as a result of a violation of this policy;

Title	SECTION 504/ADA PROHIBITION AGAINST DISCRIMINATION BASED ON DISABILITY
Code	po2260.01
Status	draft
Adopted	November 9, 2009
Last Revised	October 9, 2014

2260.01 - SECTION 504/ADA PROHIBITION AGAINST DISCRIMINATION BASED ON DISABILITY

Pursuant to Section 504 of the Rehabilitation Act of 1973 ("Section 504"), the Americans with Disabilities Act of 1990, as amended ("ADA"), and the implementing regulations (collectively "Section 504/ADA"), no otherwise qualified individual with a disability shall, solely by reason of his/her disability, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance. The Board of Education does not discriminate in admission or access to, or participation or treatment in its programs or activities. As such, the Board's policies and practices will not discriminate against students with disabilities and the Board will make its facilities, programs, and activities accessible to qualified individuals with disabilities. No discrimination will be knowingly permitted against any individual with a disability on the sole basis of that disability in any of the programs, activities, policies, and/or practices in the District.

"An individual with a disability" means a person who has, had a record of, or is regarded as having, a physical or mental impairment that substantially limits one or more major life activities. Major life activities are functions such as caring for one's self, performing manual tasks, walking, seeing, hearing, eating, sleeping, standing, lifting, bending, speaking, breathing, learning, reading, concentrating, thinking, communicating, and working.

Major life activities also include the operation of a major bodily function, including, but not limited to, functions of the immune system, normal cell growth, digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine, and reproductive functions.

An impairment that is episodic in nature or in remission is considered a disability if it would substantially limit a major life activity when active.

The determination of whether an impairment substantially limits a major life activity must be made without regard to the ameliorative effects of mitigating measures such as medication, medical supplies, equipment or appliances, low-vision devices (not including ordinary eyeglasses or contact lenses), prosthetics (including limbs and devices), hearing aids and cochlear implants or other implantable hearing devices, mobility devices, oxygen therapy equipment or supplies, assistive technology, reasonable accommodations or auxiliary aids or services, or learned behavioral or adaptive neurological modifications.

With respect to public preschool, elementary and secondary educational services, a qualified person with a disability means a disabled person:

- A. who is of an age during which nondisabled persons are provided educational services;
- B. who is of any age during which it is mandatory under Ohio law to provide educational services to disabled persons;
or
- C. to whom the State is required to provide a free appropriate public education pursuant to the Individuals with Disabilities Education Improvement Act (IDEIA).

With respect to vocational education services, a qualified person with a disability means a person with a disability who meets the academic and technical standards requisite to admission or participation in the vocational program or activity. The Board will not deny a student with disabilities access to its vocational education programs or courses due to

architectural and/or equipment barriers, or because the student needs related aids or services to receive an appropriate education.

Building Principals shall serve as Building Section 504/ADA Compliance Officer(s) ("Building Compliance Officers").

The District Compliance Officer(s) ~~()~~ is ~~()~~ are responsible for coordinating the District's efforts to comply with and fulfill its responsibilities under Section 504 and Title II of the ADA. A copy of Section 504 and the ADA, including copies of their implementing regulations, may be obtained from the District Compliance Officer.

The District Compliance Officer(s) will oversee the investigation of any complaints of discrimination based on disability, which may be filed pursuant to the Board's adopted internal complaint procedure, and will attempt to resolve such complaints.

The Board will provide for the prompt and equitable resolution of complaints alleging violations of Section 504/ADA. See below. The Board will further establish and implement a system of procedural safeguards in accordance with Section 504, including the right to an impartial due process hearing. See AG 2260.01B.

Training

The District Compliance Officer(s) will also oversee the training of employees in the District so that all employees understand their rights and responsibilities under Section 504 and the ADA, and are informed of the Board's policies, administrative guidelines and practices with respect to fully implementing and complying with the requirements of Section 504/ADA.

The Board will provide in-service training and consultation to staff responsible for the education of persons with disabilities, as necessary and appropriate.

Facilities

No qualified person with a disability will, because the District's facilities are inaccessible to or unusable by persons with disabilities, be denied the benefits of, be excluded from participation in, or otherwise be subjected to discrimination under any program or activity to which Section 504/ADA applies.

For facilities constructed or altered after June 3, 1977, the District will comply with applicable accessibility standards. For those existing facilities constructed prior to June 3, 1977, the District is committed to operating its programs and activities so that they are readily accessible to persons with disabilities. This includes, but is not limited to, providing accommodations to parents with disabilities who desire access to their child's educational program or meetings pertinent thereto. Programs and activities will be designed and scheduled so that the location and nature of the facility or area will not deny a student with a disability the opportunity to participate on the same basis as students without disabilities.

Education

The Board is committed to identifying, evaluating, and providing a free appropriate public education (FAPE) to students within its jurisdiction who have a physical or mental impairment that substantially limits one or more major life activities, regardless of the nature or severity of their disabilities.

An appropriate education may include regular or special education and related aids and services to accommodate the unique needs of students with disabilities. For students with disabilities who are not eligible for specially designed instruction under the IDEIA, the special education and related aids and services (including accommodations/modifications/interventions) they need in order to have their needs met as adequately as the needs of nondisabled students are met, shall be delineated, along with their placement, in a Section 504 Plan (Form 2260.01A F13). Parents/guardians/custodians ("parents") are invited and encouraged to participate fully in the evaluation process and development of a Section 504 Plan. The quality of education services provided to students with disabilities will be equal to the quality of services provided to students without disabilities.

The Board is committed to educating (or providing for the education of) each qualified person with a disability who resides within the District with persons who are not disabled to the maximum extent appropriate. Generally, the District will place a person with a disability in the regular educational environment unless it is demonstrated that the education of the person in the regular environment, even with the use of supplementary aids and services cannot be achieved satisfactorily. If the District places a person in a setting other than the regular educational environment, it shall take into account the proximity of the alternate setting to the person's home. If the Board operates a separate class or facility that is identifiable as being for persons with disabilities, the facility, program, and activities and services must be comparable to the facilities, programs, and activities and services offered to students without a disability.

The Board will provide non-academic extracurricular services and activities in such a manner as is necessary to afford qualified persons with disabilities an equal opportunity for participation in such services and activities. Non-academic and extracurricular services and activities may include counseling services, physical recreational athletics, transportation, health services, recreational activities, special interest groups or clubs sponsored by the District, referrals to agencies that provide assistance to persons with disabilities, and employment of students. In providing or arranging for the provision of meals and recess periods, and non-academic and extracurricular services and activities, including those listed above, the District will verify that persons with disabilities participate with persons without disabilities in such services and activities to the maximum extent appropriate.

Notice

Notice of the Board's policy on nondiscrimination in education practices and the identity of the District's Compliance Officer(s) will be published on the District's website and posted throughout the District and included in the District's recruitment statements or general information publications.

Complaint Procedures

If a person believes that s/he has been discriminated against on the basis of his/her disability, the person may utilize the following complaint procedures as a means of reaching, at the lowest possible administrative level, a prompt and equitable resolution of the matter.

In accordance with Section 504 of the Rehabilitation Act of 1973 and its implementing regulations ("Section 504"), parents and students will be notified of their right to file an internal complaint regarding an alleged violation, misinterpretation or misapplication of Section 504. In addition, students and their parents will be notified of their right to file a complaint with the U.S. Department of Education's Office for Civil Rights. Finally, students and parents will be advised of their right to request a due process hearing before an Impartial Hearing Officer (IHO) regarding the identification, evaluation or educational placement of persons with disabilities, and their right to examine relevant education records.

Internal complaints and requests for due process hearings must be put in writing and must identify the specific circumstances or areas of dispute that have given rise to the complaint or the request for a hearing, and offer possible solutions to the dispute. The complaint or request for due process hearing must be filed with a District Compliance Officer within specified time limits. The District's Compliance Officer is available to assist individuals in filing a complaint or request.

Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays).

Internal Complaint Procedures

An internal complaint may be filed by a student and/or parent. A student and/or parent may initiate the internal complaint procedure when s/he/they believe that a violation, misapplication or misinterpretation of Section 504 has occurred. Additionally, the following procedure may be used for any disagreement with respect to actions regarding the identification, evaluation, or educational program or placement of students who are identified as disabled or believed to be disabled pursuant to Section 504, and are not eligible under the IDEIA, except in the case of disciplinary actions where the provisions of the Student Code of Conduct apply. Use of the internal complaint procedure is not a prerequisite to the pursuit of other remedies, including the filing of a complaint with the U.S. Department of Education's Office for Civil Rights or requesting a due process hearing.

Step 1

Investigation by the Building Compliance Officer: A student or parent may initiate an investigation by filing a written internal complaint with the Building Compliance Officer. The complaint should fully describe the circumstances giving rise to the dispute and how the child is adversely affected. The complaint must be filed as soon as possible, but not longer than thirty (30) days after disclosure of the facts giving rise to the complaint. The Building Compliance Officer shall conduct an

impartial investigation of the complaint. As part of the investigation, the Building Compliance Officer shall permit the complainant to present witnesses and other evidence in support of the complaint. The investigation shall be completed within fifteen (15) days of the written complaint being filed. The Building Compliance Officer will notify the complainant in writing of his/her decision.

Step 2

Appeal to the District Compliance Officer: If the complaint is not resolved satisfactorily at Step 1, the student or parent may appeal the Building Compliance Officer's decision in writing to the District Compliance Officer. The appeal must be made within five (5) days following receipt of the Building Compliance Officer's decision. The District Compliance Officer will review the case, may conduct an informal hearing, and will notify all parties in writing of his/her decision within ten (10) days of receiving the appeal.

Step 3

If the complaint is not resolved satisfactorily at Step 2, the student or parent may request a due process hearing, provided the complaint involves an issue related to the identification, evaluation, or placement of the student.

If it is determined that the Complainant was subjected to unlawful discrimination, the Building and District Compliance Officers must identify what corrective action will be taken to stop, remedy, and prevent the recurrence of the discrimination/retaliation. The corrective action should be reasonable, timely, age-appropriate and effective, and tailored to the specific situation.

OCR Complaint

At any time, if a student or parent believes that s/he has been subjected to discrimination based upon his/her disability in violation of Section 504 or the ADA, the individual may file a complaint with the U.S. Department of Education's Office for Civil Rights ("OCR"). The OCR can be reached at:

U.S. Department of Education
Office for Civil Rights
Cleveland Office
1350 Euclid Avenue, Suite 325
Cleveland, Ohio 44115
(216) 522-4970
FAX: (216) 522-2573
TDD: (216) 522-4944
E-mail: OCR.Cleveland@ed.gov
Web: <http://www.ed.gov/ocr>

Except in extraordinary circumstances, the OCR does not review the result of individual placement and other educational decisions, so long as the District complies with the "process" requirements of Subpart D of Section 504.

Retaliation

Retaliation against a person who makes a report or files a complaint alleging unlawful discrimination/retaliation or participates as a witness in an investigation is prohibited. Neither the Board nor any other person may intimidate, threaten, coerce or interfere with any individual because the person opposed any act or practice made unlawful by Section 504 or the ADA, or because that individual made a report, formal complaint, testified, assisted or participated or refused to participate in any manner in an investigation, proceeding, or hearing under those laws and/or this policy, or because that individual exercised, enjoyed, aided or encouraged any other person in the exercise or enjoyment of any right granted or protected by those laws and/or this policy.

Retaliation against a person for making a report of discrimination, filing a formal complaint, or participating in an investigation or meeting is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Formal complaints alleging retaliation may be filed according to the internal complaint process set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Title	TITLE I SERVICES
Code	po2261
Status	draft
Adopted	November 9, 2009

2261 - **TITLE I SERVICES**

The Board of Education elects to augment the educational program of educationally disadvantaged students by the use of Federal funds and in accordance with Title I of the Elementary and Secondary Education Act of 1965, as amended.

The Superintendent shall prepare and present to the Ohio Department of Education a plan for the delivery of services which meets the requirements of the law, including those described below. The plan shall be developed by appropriate staff members and parents of students who will be served by the plan. The District will periodically review and revise the plan, as necessary.

A. Assessment

The Board shall annually assess the educational needs of eligible children, as determined by Federal and State criteria. Such assessment shall include performance measures mandated by the Ohio Department of Education as well as those determined by the District professional staff, that will assist in the diagnosis, teaching, and learning of the participating students.

B. Scope

Each school shall determine whether the funds will be used to upgrade the educational program of an entire school in Title I schools that qualify as schoolwide schools and/or to establish or improve programs that provide services only for eligible students in greatest need of assistance. The schoolwide program, for an entire school and/or a Targeted Assistance School, shall include the components required by law as well as those agreed upon by participating staff and parents.

C. Participation

The Title I program shall be developed and evaluated in consultation with parents and professional staff members, including teachers, principals, other school leaders, paraprofessionals, specialized instructional support personnel, charter school leaders, **[in a District that has charter schools]**, administrators and other school appropriate personnel involved in its implementation. Appropriate training will be provided to staff members who provide Title I services. Parent participation shall be in accord with Board Policy 2261.01 and shall meet the requirements of Section 1116 of the Act.

D. Supplement Not Supplant and Comparability of Services

Title I funds will be used only to supplement, not to supplant, State and local funds. The District will document its compliance with the supplement not supplant provisions by using a written methodology that ensures State and local funds are allocated to each school on the same basis, regardless of whether a school receives Title I funding.

The Superintendent shall use State and local funds to provide educational services in schools receiving Title I assistance that, taken as a whole, are at least comparable to services being provided in schools that are not receiving Title I assistance. The determination of the comparability of services may exclude State and local funds expended for language instruction educational programs and the excess costs of providing services to children with disabilities as determined by the District. The determination of comparability of services will not take into account unpredictable changes in student enrollments or personnel assignments that occur after the beginning of a school year.

In order to achieve comparability of services, the Superintendent shall assign teachers, administrators, and auxiliary personnel and provide curriculum materials and instructional supplies in an equitable manner throughout the District.

E. Professional Development

Members of the professional staff may participate in the design and implementation of staff development activities that:

1. ☒ involve parents in the training, when appropriate;
2. ☒ combine and consolidate other available Federal and District funds;
3. ☒ foster cooperative training with institutions of higher learning and other educational organizations including other school districts;
4. ☒ allocate part of the staff development to the following types of strategies:
 - a. ☒ performance-based student assessment;
 - b. ☒ use of technology;
 - c. ☒ working effectively with parents;
 - d. ☒ early childhood education;
 - e. ☒ meeting children's special needs;
 - f. ☒ fostering gender-equitable education;
 - g. ~~☐ provide opportunities for paraprofessionals to work toward licensing as professional educators.~~

Title	PARENT AND FAMILY MEMBER PARTICIPATION IN TITLE I PROGRAMS
Code	po2261.01
Status	draft
Adopted	November 9, 2009

2261.01 - PARENT AND FAMILY MEMBER PARTICIPATION IN TITLE I PROGRAMS

In accordance with the requirements of Federal law, programs supported by Title I funds must be planned and implemented in meaningful consultation with parents and family members of the students being served.

Each year the Superintendent shall work with parents and family members of children served in Title I Programs in order to jointly develop and agree upon a proposed written parent and family engagement policy to establish expectations for the involvement of such parents and family members in the education of their children. The proposed policy shall be reviewed and approved annually by the Board of Education and distributed to parents and family members of children receiving Title I services. The proposed policy must establish the District's expectations and objectives for meaningful parent and family involvement, and describe how the School District will:

- A. involve parents and family members in the development of the School District's Title I plans and any State-mandated comprehensive support and improvement plans;
- B. provide coordination, technical assistance, and other support necessary to assist and build the capacity of all participating schools in planning and implementing effective parent involvement activities to improve student achievement and school performance, which may include meaningful consultation with employers, business leaders, and philanthropic organizations, or individuals with expertise in effectively engaging parents and family members in education;
- C. coordinate and integrate parent and family engagement strategies, to the extent feasible and appropriate, with other Federal, State, and local laws and programs;
- D. with meaningful involvement of parents and family members, annually evaluate the content and effectiveness of the parent and family engagement policy in improving the academic quality of schools, including:
 1. identifying barriers to greater parent participation (with particular attention to parents who are economically disadvantaged, are disabled, have limited English proficiency, have limited literacy, or are of any racial or ethnic minority background);
 2. the needs of parents and family members to assist with the learning of their children, including engaging with school personnel and teachers; and
 3. strategies to support successful school and family interactions.
- E. use the findings of the above-referenced evaluation to:
 1. design evidence-based strategies for more effective parental involvement; and,
 2. revise the parent and family engagement policy, if necessary;
- F. involve parents in the activities of the District's Title I schools, which may include establishing a parent advisory board that may be charged with developing, revising and reviewing the parent and family engagement policy;
- G. provide opportunities for the informed participation of parents and family members (including parents and family members who have limited English proficiency and/or disabilities, and parents and family members of migratory children), including providing information and school reports in a format, and to the extent practicable in a

language, such parents can understand;

- H. conduct meetings with parents including provisions for flexible scheduling and assistance to parents to better assure their attendance at meetings;
- I. develop agendas for parent meetings to include review and explanation of the curriculum, means of assessments, and the proficiency levels students are expected to achieve and maintain;
- J. provide opportunities for parents to formulate suggestions, interact and share experiences with other parents, and participate appropriately in the decision-making about the program and revisions in the plan;
- K. involve parents in the planning, review, and improvement of the Title I program;
- L. communicate information concerning school performance profiles and their child's individual performance to parents;
- M. assist parents in helping their children in achieving the objectives of the program by such means as ensuring regular attendance, monitoring television-watching, providing adequate time and the proper environment for homework; guiding nutritional and health practices, and the like;
- N. provide timely responses to parental questions, concerns, and recommendations;
- O. coordinate and provide technical assistance and other support necessary to assist Title I schools to develop effective parent participation activities to improve academic achievement;
- P. conduct other activities as appropriate to the Title I plan and State and Federal requirements.

The Board will reserve the requisite percent of its allocation of Federal Title I funds to carry out the above-described activities. Parents and family members of children receiving Title I services shall be involved in the decisions regarding how the reserved funds are allotted for parent involvement activities. Reserved funds shall be used to carry out activities and strategies consistent with the Board's parent and family engagement policy (Policy 2111), including at least one (1) of the following:

- A. Supporting schools and nonprofit organizations in providing professional development for the District and school personnel regarding parent and family engagement strategies, which may be provided jointly to teachers, principals, other school leaders, specialized instructional support personnel, paraprofessionals, early childhood educators, and parents and family members.
- B. Supporting programs that reach parents and family members at home, in the community, and at school.
- C. Disseminating information on best practices focused on parent and family engagement, especially best practices for increasing the engagement of economically disadvantaged parents and family members.
- D. Collaborating, or providing subgrants to schools to enable such schools to collaborate, with community-based or other organizations or employers with a record of success in improving and increasing parent and family engagement.
- E. Engaging in any other activities and strategies that the Board determines are appropriate and consistent with its parent and family engagement policy.

The Superintendent must also assure that each Title I participating school develops a specific written plan, with parental involvement and agreement, which includes provisions regarding the following:

- A. Each principal must convene an annual meeting at a convenient time to which all parents of participating children are invited and encouraged to attend to explain the parents' rights to be involved and the school's obligations to develop a parent and family engagement policy.
- B. Meetings with parents of children receiving Title I services must be scheduled at flexible times with assistance such as child care, transportation, home visits, or similar aid offered to parents to encourage their involvement.
- C. Parents must be involved in an organized, on-going and timely way in the development, review, and improvement of parent involvement activities, including the planning, review and improvement of the school parent and family engagement policy, and the joint development of the schoolwide program plan, if appropriate.

D. Parents of participating students must be provided with:

1. timely information about the Title I program and the school's parent and family engagement policy;
2. a description and explanation of the curriculum in use at the school, the forms of academic assessment used to measure student progress, and the achievement levels expected;
3. regular meetings, upon request, for parents to make suggestions, and to participate as appropriate, in decisions relating to the education of their children, and receive responses regarding the parents' suggestions about their student's education as soon as practicably possible.

E. If the written plan is not satisfactory to the parents of participating children, the school must submit any parents' comments when it presents the plan to the Superintendent.

F. As a component of the school-level parent and family engagement policy, the principal for each school shall coordinate the development of a school-parent compact jointly with parents of children served under Title I which outlines how the school staff, the parents, and the student will share responsibility for improved student academic achievement and the means by which the school and parents will build and develop a partnership to help students achieve the State's high standards. The compact must:

1. describe the school's responsibility to provide a high quality curriculum and instruction in a supportive, effective learning environment;
2. describe the ways in which each parent is responsible for supporting their child's learning environment such as monitoring attendance, homework, extra-curricular activities and excessive television watching; volunteering in the classroom; and participating, as appropriate, in decisions relating to the education of their children and their positive use of extra-curricular time;
3. address the importance of parent/teacher communication on an on-going basis through at least annual parent teacher conferences to discuss the child's achievement and the compact; frequent progress reports to the parents on their child's progress; reasonable access to the staff and to observe and participate in classroom activities and regular two-way, meaningful communication between family members and school staff, and, to the extent practicable, in a language that family members can understand.

G. Parents of children receiving Title I services must be notified about their school's parent and family engagement policy in an understandable and uniform format, and to the extent practicable, in a language the parents can understand. These policies must also be made available to the community.

H. School-level parent and family engagement policies must be updated periodically to meet the changing needs of parents and the schools.

In order to involve parents in the education of their children and to support a partnership among the school, parents and the community for improving student academic achievement, the Superintendent and building principals must include provisions in the School District and school-level parent and family engagement policies regarding:

- A. assisting parents of children served under Title I in understanding such topics as the State academic standards, State and local academic assessments, Title I, and how to monitor their child's progress and how to work with educators to improve their child's achievement;
- B. providing materials and training to help parents work with their children to improve achievement, such as literacy training and using technology (including education about the harms of copyright privacy);
- C. educating teachers, specialized instructional support personnel, school leaders (including principals), and other staff, with the assistance of parents, about the value and utility of contributions of parents, how to reach out to, communicate with, and work with parents as equal partners, how to implement and coordinate parent programs, and how to build ties between parents and the school;
- D. to the extent feasible and appropriate, coordination and integration of parent involvement programs and activities with other Federal, State and local programs (including public preschool programs), and conducting other activities that encourage and support parents more fully participating in the education of their children (e.g., parent resource centers);

2266 - NONDISCRIMINATION ON THE BASIS OF SEX IN EDUCATION PROGRAMS OR ACTIVITIES

Introduction

The Board of Education of the Big Walnut Local School District (hereinafter referred to as "the Board" or "the District") does not discriminate on the basis of sex (including sexual orientation or gender identity), in its education programs or activities, and is required by Title IX of the Education Amendments Act of 1972, and its implementing regulations, not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The Board is committed to maintaining an education and work environment that is free from discrimination based on sex, including sexual harassment.

The Board prohibits Sexual Harassment that occurs within its education programs and activities. When the District has actual knowledge of Sexual Harassment in its education program or activity against a person in the United States, it shall promptly respond in a manner that is not deliberately indifferent.

Pursuant to its Title IX obligations, the Board is committed to eliminating Sexual Harassment and will take appropriate action when an individual is determined responsible for violating this policy. Board employees, students, third-party vendors and contractors, guests, and other members of the School District community who commit Sexual Harassment are subject to the full range of disciplinary sanctions set forth in this policy. The Board will provide persons who have experienced Sexual Harassment ongoing remedies as reasonably necessary to restore or preserve access to the District's education programs and activities.

Coverage

This policy applies to Sexual Harassment that occurs within the District's education programs and activities and that is committed by a member of the School District community or a Third Party.

This policy does not apply to Sexual Harassment that occurs off school grounds, in a private setting, and outside the scope of the District's education programs and activities; such Sexual Misconduct/Sexual Activity may be prohibited by the Student Code of Conduct if committed by a student, or by Board policies and administrative guidelines, applicable State and/or Federal laws and/or Employee/Administrator Handbook(s) if committed by a Board employee.

Consistent with the U.S. Department of Education's implementing regulations for Title IX, this policy does not apply to Sexual Harassment that occurs outside the geographic boundaries of the United States, even if the Sexual Harassment occurs in the District's education programs or activities. Sexual Harassment that occurs outside the geographic boundaries of the United States is governed by the Student Code of Conduct if committed by a student, or by Board policies and administrative guidelines, applicable State and/or Federal laws and/or Employee/Administrator Handbook(s) if committed by a Board employee.

Definitions

Words used in this policy shall have those meanings defined herein; words not defined herein shall be construed according to their plain and ordinary meanings.

Sexual Harassment: "Sexual Harassment" means conduct on the basis of sex that satisfies one or more of the following:

- A. A Board employee conditioning the provision of an aid, benefit, or service of the District on an individual's participation in unwelcome sexual conduct (often called "*quid pro quo*" harassment);
- B. Unwelcome conduct determined by a reasonable person to be so severe, pervasive, **and** objectively offensive that it effectively denies a person equal access to the District's education program or activity; or
- C. "Sexual assault" as defined in 20 U.S.C. 1092(f)(6)A(v), or "dating violence" as defined in 34 U.S.C. 12291(a)(10), "domestic violence" as defined in 34 U.S.C. 12291(a)(8), or "stalking" as defined in 34 U.S.C. 12291(a)(30).

"Sexual assault" means any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent. Sexual assault includes rape, sodomy, sexual assault with an object, fondling, incest, and statutory rape.

1. **Rape** is penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity. Attempted rape is included. **(Effective until the FBI retires the Summary Reporting System, which is scheduled for January 2021.)**

Rape is the carnal knowledge of a person (i.e., penetration, no matter how slight, of the genital or anal opening of a person), without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity. **(Effective upon retirement of the Summary Reporting System, which is scheduled for January 2021.)**

2. **Sodomy** is oral or anal sexual intercourse with another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.
3. **Sexual Assault with an Object** is using an object or instrument to unlawfully penetrate, however slightly, the genital or anal opening of the body of another person, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity. An "object" or "instrument" is anything used by the offender other than the offender's genitalia.
4. **Fondling** is the touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity.
5. **Incest** is sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by State law.
6. **Statutory Rape** is sexual intercourse with a person who is under the statutory age of consent as defined by State law.
7. **Consent** refers to words or actions that a reasonable person would understand as agreement to engage in the sexual conduct at issue. A person may be incapable of giving consent because of age or because of temporary or permanent mental or physical incapacity. A person who is incapacitated is not capable of giving

consent.

8. *Incapacitated* refers to the state where a person does not understand and/or appreciate the nature or fact of sexual activity due to the effect of drugs or alcohol consumption, medical condition, disability, or due to a state of unconsciousness or sleep.

D. "Domestic violence" includes felony or misdemeanor crimes of violence committed by:

1. a current or former spouse or intimate partner of the victim;
2. a person with whom the victim shares a child in common;
3. a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner;
4. a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime occurred; or
5. any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of the jurisdiction in which the crime occurred.

E. "Dating violence" means violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

F. "Stalking" means engaging in a course of conduct directed at a specific person that would cause a reasonable person to – (1) fear for the person's safety or the safety of others; or (2) suffer substantial emotional distress.

Complainant: "Complainant" means an individual who is alleged to be the victim of conduct that could constitute Sexual Harassment.

Respondent: "Respondent" means an individual who has been reported to be the perpetrator of conduct that could constitute Sexual Harassment.

Formal Complaint: "Formal Complaint" means a document filed by a Complainant or signed by the Title IX Coordinator alleging Sexual Harassment against a Respondent and requesting that the District investigate the allegation(s) of Sexual Harassment. At the time of filing a Formal Complaint with the District, a Complainant must be participating in or attempting to participate in the District's education program or activity. A "document filed by a complainant" means a document or electronic submission (such as by electronic mail or through an online portal that the Board provides for this purpose) that contains the Complainant's physical or digital signature, or otherwise indicates that the Complainant is the person filing the Formal Complaint. Where the Title IX Coordinator signs a Formal Complaint, the Title IX Coordinator is not a Complainant or a party to the Formal Complaint and must not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

Actual Knowledge: "Actual knowledge" means notice of Sexual Harassment or allegations of Sexual Harassment to the District's Title IX Coordinator, or any District official who has authority to institute corrective measures on behalf of the Board, or any Board employee. The mere ability or obligation to report Sexual Harassment or to inform a student about how to report Sexual Harassment, or having been trained to do so, does not qualify an individual as one who has authority to institute corrective measures on behalf of the District. "Notice" includes, but is not limited to, a report of Sexual Harassment to the Title IX Coordinator. This standard is not met when the only District official with actual knowledge is the Respondent.

Supportive Measures: "Supportive measures" means non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the Complainant or the Respondent before or after the filing of a Formal Complaint or where no Formal Complaint has been filed. Such measures are designed to restore or preserve equal access to the District's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the District's educational environment, or deter Sexual Harassment. Supportive measures may include counseling, extensions of deadlines or other course-related adjustments, modifications of work or class schedules, school/campus escort services, mutual restrictions of contact between the parties, changes in work locations, leaves of absence, increased security and monitoring of certain areas of the campus (including school buildings and facilities), referral to Employee Assistance Program, and other similar measures.

Education Program or Activity: "Education program or activity" refers to all operations of the District, including but not limited to in-person and online educational instruction, employment, extracurricular activities, athletics, performances, and community engagement and outreach programs. The term applies to all activity that occurs on school grounds or on other

property owned or occupied by the Board. It also includes locations, events and circumstances that take place off-school property/grounds over which the Board exercises substantial control over both the Respondent and the context in which the Sexual Harassment occurs.

School District community: "School District community" refers to students and Board employees (i.e., administrators, and professional and classified staff), as well as Board members, agents, volunteers, contractors, or other persons subject to the control and supervision of the Board.

Third Parties: "Third Parties" include, but are not limited to, guests and/or visitors on School District property (e.g., visiting speakers, participants on opposing athletic teams, parents), vendors doing business with, or seeking to do business with the Board, and other individuals who come in contact with members of the School District community at school-related events/activities (whether on or off District property).

Inculpatory Evidence: "Inculpatory evidence" is evidence that tends to establish a Respondent's responsibility for alleged Sexual Harassment.

Exculpatory Evidence: "Exculpatory evidence" is evidence that tends to clear or excuse a Respondent from allegations of Sexual Harassment.

Day(s): Unless expressly stated otherwise, the term "day" or "days" as used in this policy means business day(s) (i.e., a day(s) that the Board office is open for normal operating hours, Monday – Friday, excluding State-recognized holidays).

Eligible Student: "Eligible Student" means a student who has reached eighteen (18) years of age or is attending an institution of postsecondary education.

The Board of the Big Walnut Local School District does not discriminate on the basis of sex in its education program or activity, and is required by Title IX and its implementing regulations not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The District's Title IX Coordinator(s) is/are:

Laura Lawrence

110 Tippet Court
Sunbury, OH 43074
lauralawrence@bwls.net

Any inquiries about the application of Title IX and its implementing regulations to the District may be referred to the Title IX Coordinator(s), the Assistant Secretary for the U.S. Department of Education's Office for Civil Rights, or both.

The Board has adopted a grievance process and procedures that provide for the prompt and equitable resolution of student and employee complaints alleging any action that is prohibited by Title IX and/or its implementing regulations. The grievance process and procedures are included in Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities, which is available at: <https://www.boarddocs.com/oh/bigwal/Board.nsf/>. The grievance process and procedures specifically address how to report or file a complaint of sex discrimination, how to report or file a formal complaint of Sexual Harassment, and how the District will respond.

The Superintendent shall also prominently display the Title IX Coordinator's(s') contact information – including name(s) and/or title(s), phone number(s), office address(es), and e-mail address(es) – and this policy on the District's website and in each handbook or catalog that the Board makes available to applicants for admission and employment, students, parents or legal guardians of elementary and secondary school students, Board employees, and all unions or professional organizations holding collective bargaining or professional agreements.

Grievance Process and Procedures

The Board is committed to promptly and equitably resolving student and employee complaints alleging Sexual Harassment. The District's response to allegations of Sexual Harassment will treat Complainants and Respondents equitably, including providing supportive measures to the Complainant and Respondent, as appropriate, and following this Grievance Process before imposition of any disciplinary sanctions or other actions, other than supportive measures, against the Respondent.

The Title IX Coordinator(s), along with any investigator(s), decision-maker(s), or any person(s) designated to facilitate an informal resolution process, shall not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

If a determination of responsibility for Sexual Harassment is made against the Respondent, the Board will provide remedies to the Complainant. The remedies will be designed to restore or preserve equal access to the District's education program or activity. Potential remedies include, but are not limited to, individualized services that constitute supportive measures. Remedies may also be disciplinary or punitive in nature and may burden the Respondent.

Report of Sexual Discrimination/Harassment

Any person may report sex discrimination, including Sexual Harassment (whether or not the person reporting is the person alleged to be the victim of conduct that could constitute sex discrimination or Sexual Harassment), in person, by mail, by telephone, or by electronic mail, using the Title IX Coordinator's(s') contact information listed above, or by any other means that results in the Title IX Coordinator receiving the person's oral or written report. Reports may be made at any time (including during non-business hours), by using the telephone number(s) or electronic mail address(es), or by mail to the office address(es), listed for the Title IX Coordinator(s).

Students, Board members, and Board employees are required, and other members of the School District community, and Third Parties) are encouraged, to report allegations of sex discrimination or Sexual Harassment promptly to the/a Title IX Coordinator or to any Board employee, who will in turn notify the/a Title IX Coordinator. Reports can be made orally or in writing and should be as specific as possible. The person making the report should, to the extent known, identify the alleged victim(s), perpetrator(s), and witness(es), and describe in detail what occurred, including date(s), time(s), and location(s).

If a report involves allegations of Sexual Harassment by or involving the Title IX Coordinator, the person making the report should submit it to the Superintendent, or another Board employee who, in turn, will notify the Superintendent of the report. The Superintendent will then serve in place of the Title IX Coordinator for purposes of addressing that report of Sexual Harassment.

The Board does business with various vendors, contractors, and other third-parties who are not students or employees of the Board. Notwithstanding any rights that a given vendor, contractor, or third-party Respondent may have under this policy, the Board retains the right to limit any vendor's, contractor's, or third-party's access to school grounds for any reason. The Board further retains all rights it enjoys by contract or law to terminate its relationship with any vendor, contractor, or third-party irrespective of any process or outcome under this policy.

A person may file criminal charges simultaneously with filing a Formal Complaint. A person does not need to wait until the Title IX investigation is completed before filing a criminal complaint. Likewise, questions or complaints relating to Title IX may be filed with the U.S. Department of Education's Office for Civil Rights at any time.

Any allegations of Sexual Misconduct/Sexual Activity not involving Sexual Harassment will be addressed through the procedures outlined in Board policies the applicable Student Code of Conduct, applicable collective bargaining agreement, and/or Employee/Administrator Handbook.

Because the Board is considered to have actual knowledge of Sexual Harassment or allegations of Sexual Harassment if any Board employee has such knowledge, and because the Board must take specific actions when it has notice of Sexual Harassment or allegations of Sexual Harassment, a Board employee who has independent knowledge of or receives a report involving allegations of sex discrimination and/or Sexual Harassment must immediately/promptly notify the/a Title IX Coordinator of learning the information or receiving the report. The Board employee must also comply with mandatory reporting responsibilities pursuant to R.C. 2151.412 and Policy 8462 – Student Abuse and Neglect, if applicable. If the Board employee's knowledge is based on another individual bringing the information to the Board employee's attention and the reporting individual submitted a written complaint to the Board employee, the Board employee must provide the written complaint to the Title IX Coordinator.

If a Board employee fails to report an incident of Sexual Harassment of which the Board employee is aware, the Board employee may be subject to disciplinary action, up to and including termination.

When a report of Sexual Harassment is made, the Title IX Coordinator shall promptly contact the Complainant (including the parent/guardian if the Complainant is under 18 years of age or under guardianship) to discuss the availability of supportive measures, consider the Complainant's wishes with respect to supportive measures, inform the Complainant of the availability of supportive measures with or without the filing of a Formal Complaint, and explain to the Complainant the process for filing a Formal Complaint. The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Any supportive measures provided to the Complainant or Respondent shall be maintained as confidential, to the extent that maintaining such confidentiality will not impair the ability of the District to provide the supportive measures.

Emergency Removal: Subject to limitations and/or procedures imposed by State and/or Federal law, the District may remove a student Respondent from its education program or activity on an emergency basis after conducting an individualized safety and risk analysis. The purposes of the individualized safety and risk analysis is to determine whether the student Respondent poses an immediate threat to the physical health or safety of any student or other individual arising from the allegations of Sexual Harassment that justifies removal. If the District determines the student Respondent poses such a threat, it will so notify the student Respondent and the student Respondent will have an opportunity to challenge the decision immediately following the removal. See Policy 5610 – Removal, Suspension, Expulsion, and Permanent Exclusion of Student, Policy 5610.03 – Emergency Removal of Students, and Policy 5611 – Due Process Rights.

If the Respondent is a non-student employee, the District may place the Respondent on administrative leave during the pendency of the grievance process.

For all other Respondents, including other members of the School District community and Third Parties, the Board retains broad discretion to prohibit such persons from entering onto its school grounds and other properties at any time and for any reason, whether after receiving a report of Sexual Harassment or otherwise.

Formal Complaint of Sexual Harassment

A Formal Complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information set forth above. If a Formal Complaint involves allegations of Sexual Harassment by or involving the Title IX Coordinator, the Complainant should submit the Formal Complaint to the Superintendent, who will designate another person to serve in place of the Title IX Coordinator for the limited purpose of implementing the grievance process and procedures with respect to that Formal Complaint.

When the Title IX Coordinator receives a Formal Complaint or signs a Formal Complaint, the District will follow its Grievance Process and Procedures, as set forth herein. Specifically, the District will undertake an objective evaluation of all relevant evidence – including both inculpatory and exculpatory evidence – and provide that credibility determinations will not be based on a person's status as a Complainant, Respondent, or witness.

It is a violation of this policy for a Complainant(s), Respondent(s), and/or witness(es) to knowingly making false statements or knowingly submitting false information during the grievance process, including intentionally making a false report of Sexual Harassment or submitting a false Formal Complaint. The Board will not tolerate such conduct, which is a violation of the Student Code of Conduct and the Employee/Administrator Handbook.

The Respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

Timeline

The District will seek to conclude the grievance process within sixty (60) days of receipt of the Formal Complaint.

If the Title IX Coordinator offers informal resolution processes, the informal resolution processes may not be used by the Complainant or Respondent to unduly delay the investigation and determination of responsibility. The timeline, however, may be subject to a temporary delay of the grievance process or a limited extension for good cause with written notice to the Complainant and the Respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as the absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; and the need for language assistance or accommodation of disabilities.

Upon receipt of a Formal Complaint, the Title IX Coordinator will provide written notice of the following to the parties who are known:

- A. Notice of the Board's grievance process, including any informal resolution processes;
- B. Notice of the allegations of misconduct that potentially constitutes Sexual Harassment as defined in this policy, including sufficient details known at the time and with sufficient time to prepare a response before any initial interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting Sexual Harassment, and the date and location of the alleged incident, if known. The written notice must:
 1. include a statement that the Respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility will be made at the conclusion of the grievance process;
 2. inform the parties that they may have an advisor of their choice, who may be, but is not required to be, an attorney, and may inspect and review evidence.
 3. inform the parties of any provision in the Student Code of Conduct, this policy, that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

If, during the course of the investigation, the investigator becomes aware of allegations about the Complainant or Respondent that are not included in the original notice provided to the parties, the investigator will notify the Title IX Coordinator and the Title IX Coordinator will decide whether the investigator should investigate the additional allegations; if the Title IX Coordinator decides to include the new allegations as part of the investigation, the Title IX Coordinator will provide notice of the additional allegations to the parties whose identities are known.

Dismissal of a Formal Complaint

The District shall investigate the allegations in a Formal Complaint, *unless* the conduct alleged in the Formal Complaint:

- A. would not constitute Sexual Harassment (as defined in this policy) even if proved;
- B. did not occur in the District's education program or activity; or
- C. did not occur against a person in the United States.

If one of the preceding circumstances exist, the Title IX Coordinator *shall* dismiss the Formal Complaint. If the Title IX Coordinator dismisses the Formal Complaint due to one of the preceding reasons, the District may still investigate and take action with respect to such alleged misconduct pursuant to another provision of an applicable code of conduct, Board policy, and/or Employee/Administrator Handbook.

The Title IX Coordinator *may* dismiss a Formal Complaint, or any allegations therein, if at any time during the investigation:

- A. a Complainant notifies the Title IX Coordinator in writing that the Complainant would like to withdraw the Formal Complaint or any allegations therein;
- B. the Respondent is no longer enrolled in the District or employed by the Board; or
- C. specific circumstances prevent the District from gathering evidence sufficient to reach a determination as to the Formal Complaint or allegations therein.

If the Title IX Coordinator dismisses a Formal Complaint or allegations therein, the Title IX Coordinator must promptly send written notice of the dismissal and the reason(s) therefor simultaneously to the parties.

Consolidation of Formal Complaints

The Title IX Coordinator may consolidate Formal Complaints as to allegations of Sexual Harassment against more than one Respondent, or by more than one Complainant against one or more Respondents, or by one party against the other party, where the allegations of Sexual Harassment arise out of the same facts or circumstances.

Where a grievance process involves more than one Complainant or more than one Respondent, references in this policy to the singular "party," "Complainant," or "Respondent" include the plural, as applicable.

Informal Resolution Process

Under no circumstances shall a Complainant be required as a condition of enrollment or continuing enrollment, or employment or continuing employment, or enjoyment of any other right, to waive any right to an investigation and adjudication of a Formal Complaint of Sexual Harassment. Similarly, no party shall be required to participate in an informal resolution process.

If a Formal Complaint is filed, the Title IX Coordinator may offer to the parties an informal resolution process. If the parties mutually agree to participate in the informal resolution process, the Title IX Coordinator shall designate a trained individual to facilitate an informal resolution process, such as mediation, that does not involve a full investigation and adjudication. The informal resolution process may be used at any time prior to the decision-maker(s) reaching a determination regarding responsibility.

If the Title IX Coordinator is going to propose an informal resolution process, the Title IX Coordinator shall provide to the parties a written notice disclosing:

- A. the allegations;
- B. the requirements of the informal resolution process including the circumstances under which it precludes the parties from resuming a Formal Complaint arising from the same allegations; and
- C. any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

Any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the Formal Complaint.

Before commencing the informal resolution process, the Title IX Coordinator shall obtain from the parties their voluntary, written consent to the informal resolution process.

During the pendency of the informal resolution process, the investigation and adjudication processes that would otherwise occur have stayed and all related deadlines are suspended.

The informal resolution process is not available to resolve allegations that a Board employee sexually harassed a student.

The informal resolution process is not available to resolve allegations involving a sexual assault involving a student Complainant and a student Respondent.

Investigation of a Formal Complaint of Sexual Harassment

In conducting the investigation of a Formal Complaint and throughout the grievance process, the burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility is on the District, not the parties.

In making the determination of responsibility, the decision-maker(s) is(are) directed to use the preponderance of the evidence standard. The decision-maker(s) is charged with considering the totality of all available evidence, from all relevant sources.

The District is not permitted to access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional acting in the professional's or paraprofessional's capacity, or assisting in that capacity, and which are made and maintained in connection with the provision of treatment to the party, unless the party provides the District with voluntary, written consent to do so; if a student party is not an Eligible Student, the District must obtain the voluntary, written consent of a parent.

Similarly, the investigator(s) and decision-maker(s) may not require, allow, rely upon or otherwise use questions or evidence that constitute, or seek disclosure of, information protected under a legally recognized privilege, unless the person holding such privilege has waived the privilege in writing.

As part of the investigation, the parties have the right to:

- A. present witnesses, including fact and expert witnesses, and other inculpatory and exculpatory evidence; and
- B. have others present during any grievance proceeding, including the opportunity to be accompanied to any related meeting or proceeding by the advisor of their choice, who may be, but is not required to be, an attorney. The District may not limit the choice or presence of an advisor for either the Complainant or Respondent in any meeting or grievance proceeding.

Board Policy 2461 – Recording of District Meetings Involving Students and/or Parents controls whether a person is allowed to audio record or video record any meeting or grievance proceeding.

Neither party shall be restricted in their ability to discuss the allegations under investigation or to gather and present relevant evidence.

The District will provide to a party whose participation is invited or expected written notice of the date, time, location, participants, and purpose of all investigative interviews, or other meetings, with sufficient time for the party to prepare to participate.

Both parties shall have an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations raised in the Formal Complaint, including the evidence upon which the District does not intend to rely in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source, so that each party can meaningfully respond to the evidence prior to the conclusion of the investigation.

Prior to completion of the investigative report, the investigator will send to each party and the party's advisor, if any, the evidence subject to inspection and review in an electronic format or a hard copy, and the parties will have at least ten (10) calendar days to submit a written response, which the investigator will consider prior to completion of the investigative report.

At the conclusion of the investigation, the investigator shall create an investigative report that fairly summarizes relevant evidence and send the report to each party and the party's advisor, if any, for their review and written response. The investigator will send the investigative report in an electronic format or a hard copy, at least ten (10) calendar days prior to the decision-maker(s) issuing a determination regarding responsibility.

Determination of Responsibility

The Title IX Coordinator shall appoint a decision-maker(s) to issue a determination of responsibility. The decision-maker(s) cannot be the same person(s) as the Title IX Coordinator(s) or the investigator(s).

After the investigator sends the investigative report to the parties and the decision-maker(s), and before the decision-maker(s) reaches a determination regarding responsibility, the decision-maker(s) will afford each party the opportunity to submit written, relevant questions that a party wants asked of any party or witness, provide each party with the answers, and allow for additional, limited follow-up questions from each party. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Questions and evidence about the Complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the Complainant's prior sexual behavior are offered to prove that someone other than the Respondent committed the conduct alleged by the Complainant, or if the questions and evidence concern specific incidents of the Complainant's prior sexual behavior with respect to the Respondent and are offered to prove consent. The decision-maker(s) must explain to the party proposing the questions any decision to exclude a question as not relevant.

Determination regarding responsibility: The decision-maker(s) will issue a written determination regarding responsibility. To reach this determination, the decision-maker(s) must apply the preponderance of the evidence standard.

The written determination will include the following content:

- A. identification of the allegations potentially constituting Sexual Harassment pursuant to this policy;
- B. a description of the procedural steps taken from the receipt of the Formal Complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, [and] methods used to gather other evidence;
- C. findings of fact supporting the determination;
- D. conclusions regarding the application of the applicable code of conduct to the facts;
- E. a statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the decision-maker(s) is recommending that the District impose on the Respondent(s),

and whether remedies designed to restore or preserve equal access to the District's education program or activity should be provided by the District to the Complainant(s); and

F. the procedures and permissible bases for the Complainant(s) and Respondent(s) to appeal.

The following disciplinary sanctions/consequences may be imposed on a student Respondent who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

A. Informal Discipline

1. changing of seating or location;
2. pre-school, lunchtime, after-school detention;
3. in-school discipline;
4. Saturday school;

B. Formal Discipline

1. suspension of bus riding/transportation privileges;
2. removal from co-curricular and/or extra-curricular activity(ies), including athletics;
3. emergency removal;
4. suspension for up to ten (10) school days;
5. expulsion for up to eighty (80) school days or the number of school days remaining in a semester, whichever is greater;
6. expulsion for up to one (1) year;
7. permanent exclusion; and
8. any other sanction authorized by the Student Code of Conduct.

If the decision-maker(s) determines the student Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the Superintendent of the recommended remedies, so an authorized administrator can consider the recommendation(s) and implement an appropriate remedy(ies) in compliance with Policy 5600 – Student Discipline, Policy 5605 – Suspension/Expulsion of Students with Disabilities, Policy 5610 – Removal, Suspension, Expulsion, and Permanent Exclusion of Students, Policy 5601.01 – Permanent Exclusion of Nondisabled Students, Policy 5610.02 – In-School Discipline, Policy 5610.03 – Emergency Removal of Students, Policy 5610.04 – Suspension of Bus Riding/Transportation Privileges, Policy 5610.05 – Prohibition from Extra-Curricular Activities, and Policy 5611 – Due Process Rights. Discipline of a student Respondent must comply with the applicable provisions of the Individuals with Disabilities Education Improvement Act (IDEA) and/or Section 504 of the Rehabilitation Act of 1972, and their respective implementing regulations.

The following disciplinary sanctions/consequences may be imposed on an employee Respondent who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

- A. oral or written warning;
- B. written reprimands;
- C. performance improvement plan;
- D. required counseling;
- E. required training or education;
- F. demotion;
- G. suspension with pay;
- H. suspension without pay;

- I. termination, and any other sanction authorized by any applicable Employee/Administrator Handbook and/or collective bargaining agreement.

If the decision-maker(s) determines the employee Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including disciplinary sanctions/consequences. The Title IX Coordinator will notify the Superintendent of the recommended remedies, so an authorized administrator can consider the recommendation(s) and implement an appropriate remedy(ies) in compliance with applicable due process procedures, whether statutory or contractual.

Discipline of an employee will be implemented in accordance with Federal and State law, Board policy, and applicable provisions of any relevant collective bargaining agreement.

The following disciplinary sanctions/consequences may be imposed on a non-student/non-employee member of the School District community or Third Party who is determined responsible for violating this policy (i.e., engaging in Sexual Harassment):

- A. oral or written warning;
- B. suspension or termination/cancellation of the Board's contract with the third-party vendor or contractor;
- C. mandatory monitoring of the third-party while on school property and/or while working/interacting with students;
- D. restriction/prohibition on the third-party's ability to be on school property; and
- E. any combination of the same.

If the decision-maker(s) determines the third-party Respondent is responsible for violating this policy (i.e., engaging in Sexual Harassment), the decision-maker(s) will recommend appropriate remedies, including imposition of sanctions. The Title IX Coordinator will notify the Superintendent of the recommended remedies, so appropriate action can be taken.

The decision-maker(s) will provide the written determination to the Title IX Coordinator who will provide the written determination to the parties simultaneously.

In ultimately, imposing a disciplinary sanction/consequence, the Superintendent will consider the severity of the incident, previous disciplinary violations (if any), and any mitigating circumstances.

The District's resolution of a Formal Complaint ordinarily will not be impacted by the fact that criminal charges involving the same incident have been filed or that charges have been dismissed or reduced.

At any point in the grievance process and procedures, the Superintendent may involve local law enforcement and/or file criminal charges related to allegations of Sexual Harassment that involve a sexual assault.

The Title IX Coordinator is responsible for effective implementation of any remedies.

Appeal

Both parties have the right to file an appeal from a determination regarding responsibility, or from the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein, on the following bases:

- A. Procedural irregularity that affected the outcome of the matter (e.g., material deviation from established procedures);
- B. New evidence that was not reasonably available at the time the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; and

- C. The Title IX Coordinator, investigator(s), or decision-maker(s) had a conflict of interest or bias for or against Complainants or Respondents generally or the individual Complainant(s) or Respondent(s) that affected the outcome of the matter.

The Complainant(s) may not challenge the ultimate disciplinary sanction/consequence that is imposed.

Any party wishing to appeal the decision-maker(s)'s determination of responsibility, or the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein, must submit a written appeal to the Title IX Coordinator within three (3) days after receipt of the decision-maker(s)'s determination of responsibility or the Title IX Coordinator's dismissal of a Formal Complaint or any allegations therein.

Nothing herein shall prevent the Superintendent from imposing any remedy, including disciplinary sanction, while the appeal is pending.

As to all appeals, the Title IX Coordinator will notify the other party in writing when an appeal is filed and implement appeal procedures equally for both parties.

The decision-maker(s) for the appeal shall not be the same person(s) as the decision-maker(s) that reached the determination regarding responsibility or dismissal, the investigator(s), or the Title IX Coordinator(s). The decision-maker(s) for the appeal shall not have a conflict of interest or bias for or against Complainants or Respondents generally or an individual Complainant(s) or Respondent(s) and shall receive the same training as required of other decision-makers.

Both parties shall have a reasonable, equal opportunity to submit a written statement in support of, or challenging, the outcome.

The parties' written statements in support of, or challenging, the determination of responsibility must be submitted within five (5) days after the Title IX Coordinator provides notice to the non-appealing party of the appeal.

The decision-maker(s) for the appeal shall issue a written decision describing the result of the appeal and the rationale for the result. The original decision-maker(s)' determination of responsibility will stand if the appeal request is not filed in a timely manner or the appealing party fails to show clear error and/or a compelling rationale for overturning or modifying the original determination. The written decision will be provided to the Title IX Coordinator who will provide it simultaneously to both parties. The written decision will be issued within five (5) days of when the parties' written statements were submitted.

The determination of responsibility associated with a Formal Complaint, including any recommendations for remedies/disciplinary sanctions, becomes final when the time for filing an appeal has passed or, if an appeal is filed, at the point when the decision-maker(s) for the appeal's decision is delivered to the Complainant and the Respondent. No further review beyond the appeal is permitted.

Retaliation

Neither the Board nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or Sexual Harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or Formal Complaint of Sexual Harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, constitutes retaliation. Retaliation against a person for making a report of Sexual Harassment, filing a Formal Complaint, or participating in an investigation, is a serious violation of this policy that can result in imposition of disciplinary sanctions/consequences and/or other appropriate remedies.

Complaints alleging retaliation may be filed according to the grievance procedures set forth above.

The exercise of rights protected under the First Amendment of the United States Constitution does not constitute retaliation prohibited under this policy.

Charging an individual with a code of conduct violation for making a materially false statement in bad faith in the course of a grievance proceeding under this policy shall not constitute retaliation, provided, however, that a determination regarding responsibility, alone, is not sufficient to conclude that any party made a materially false statement in bad faith.

Confidentiality

The District will keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a Formal Complaint of Sexual Harassment, any Complainant, any individual who has been reported to be the perpetrator of sex discrimination, any Respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act ("FERPA"), 20 U.S.C. 1232g, or FERPA regulations, 34 CFR part 99, or as required by law, or to carry out the purposes of 34 CFR part 106, including the conduct of any investigation, hearing, or judicial proceeding arising thereunder (i.e., the District's obligation to maintain confidentiality shall not impair or otherwise affect the Complainant's and Respondent's receipt of the information to which they are entitled related to the investigative record and determination of responsibility).

Application of the First Amendment

The Board will construe and apply this policy consistent with the First Amendment to the U.S. Constitution and the principles of academic freedom as set forth in the applicable collective bargaining agreement. In no case will a Respondent be found to have committed Sexual Harassment based on expressive conduct that is protected by the First Amendment and/or the principles of academic freedom specified in the Board's collective bargaining agreement with its teachers.

Training

The District's Title IX Coordinator, along with any investigator(s), decision-maker(s), or person(s) designated to facilitate an informal resolution process, must receive training on:

- A. the definition of Sexual Harassment (as that term is used in this policy);
- B. the scope of the District's education program or activity;
- C. how to conduct an investigation and implement the grievance process appeals and informal resolution processes, as applicable; and
- D. how to serve impartially, including by avoiding prejudgment of the facts at issue, conflicts of interests, and bias.

Recordkeeping

As part of its response to alleged violations of this policy, the District shall create, and maintain for a period of seven (7) calendar years, records of any actions, including any supportive measures, taken in response to a report or Formal Complaint of Sexual Harassment. In each instance, the District shall document the basis for its conclusion that its response was not deliberately indifferent, and document that it has taken measures designed to restore or preserve equal access to the District's education program or activity. If the District does not provide a Complainant with supportive measures, then the District will document the reasons why such a response was not clearly unreasonable in light of the known circumstances. The documentation of certain bases or measures does not limit the District in the future from providing additional explanations or detailing additional measures taken.

The District shall maintain for a period of seven (7) calendar years the following records:

- A. each Sexual Harassment investigation including any determination regarding responsibility, any disciplinary sanctions recommended and/or imposed on the Respondent(s), and any remedies provided to the Complainant(s) designed to restore or preserve equal access to the District's education program or activity
- B. any appeal and the result therefrom
- C. any informal resolution and the result therefrom, and

- D. all materials used to train Title IX Coordinators, investigators, decisionmakers, and any person who facilitates an informal resolution process.

The District will make its training materials publicly available on its website.

Outside Appointments, Dual Appointments, and Delegations

The Board retains discretion to appoint suitably qualified persons who are not Board employees to fulfill any function of the Board under this policy, including, but not limited to, Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor.

The Board also retains discretion to appoint two or more persons to jointly fulfill the role of Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor.

The Superintendent may delegate functions assigned to a specific Board employee under this policy, including but not limited to the functions assigned to the Title IX Coordinator, investigator, decision-maker, decision-maker for appeals, facilitator of informal resolution processes, and advisor, to any suitably qualified individual and such delegation may be rescinded by the Superintendent at any time.

Discretion in Application

The Board retains discretion to interpret and apply this policy in a manner that is not clearly unreasonable, even if the Board's interpretation or application differs from the interpretation of any specific Complainant and/or Respondent.

Despite the Board's reasonable efforts to anticipate all eventualities in drafting this policy, it is possible unanticipated or extraordinary circumstances may not be specifically or reasonably addressed by the express policy language, in which case the Board retains discretion to respond to the unanticipated or extraordinary circumstance in a way that is not clearly unreasonable.

The provisions of this policy are not contractual in nature, whether in their own right, or as part of any other express or implied contract. Accordingly, the Board retains discretion to revise this policy at any time, and for any reason. The Board may apply policy revisions to an active case provided that doing so is not clearly unreasonable.

2270 - RELIGION IN THE CURRICULUM

Based on the First Amendment protection against the establishment of religion in the schools, no Board employee will promote religion in the classroom or in the District's curriculum, or compel or pressure any student to participate in devotional exercises. Displays of a religious character must conform with Policy 8800 ~~()~~ and AG 8800 A-C. Instructional activities shall not be permitted to advance or inhibit any particular religion or religion generally.

An understanding of religions and their effects on civilization is essential to the thorough education of young people and to their appreciation of a pluralistic society. To that end, curriculum

~~() shall be developed to include,~~

~~(X)~~ may include,

as appropriate to the various ages and attainments of the students, instruction about the religions of the world.

The Board acknowledges the degree to which a religious consciousness has permeated the arts, literature, music, and issues of morality. The instructional and resource materials approved for use in the District's schools frequently contain religious references or concern moral issues that have traditionally been the focus of religious concern. That such materials may be religious in nature shall not, by itself, bar their use in the District. The Board directs that professional staff members employing such materials be neutral in their approach and avoid using them to advance or inhibit religion in any way.

The Board recognizes that religious traditions vary in their perceptions and doctrines regarding the natural world and its processes. The curriculum is chosen for its place in the education of the District's students, not for its conformity to religious principles. Students should receive unbiased instruction in the schools so they may privately accept or reject the knowledge thus gained, in accordance with their own religious tenets.

Accordingly, no student shall be exempted from attendance in a required course of study on the grounds that the instruction therein interferes with the free exercise of his/her religion. However, if after careful, personal review of the program's lessons and/or materials, a parent indicates to the school that either the content or activities conflict with his/her religious beliefs or value system, the school will honor a written request for his/her child to be excused from ~~() a particular class period~~ ~~(X)~~ particular class periods for specified reasons. The student will be provided with alternate learning activities during the times of such parent requested absence.

No classroom teacher shall be prohibited from providing reasonable periods of time for activities of a moral, philosophical, or patriotic theme. No student shall be required to participate in such activities if they are contrary to the religious convictions of the student or his/her parents or guardians.

~~X?]~~ Students shall not be prohibited from engaging in religious expression in the completion of homework, artwork, or other written or oral assignments. Such assignments will be graded in the same manner as any other assignments. Students will neither be penalized nor rewarded based on the religious content of the student's work.

The Board acknowledges that it may not adopt any policy or rule respecting or promoting an establishment of religion or prohibiting any student from the free, individual, and voluntary exercise or expression of the student's religious beliefs.

Title	Vol. 41, No. 2 - January 2023 Revised COLLEGE CREDIT PLUS PROGRAM
Code	po2271
Status	draft
Adopted	November 9, 2009
Last Revised	July 19, 2018

Revised Policy - Vol. 41, No. 2

2271 - COLLEGE CREDIT PLUS PROGRAM

The Board of Education recognizes the value to students and to the District for students to participate in programs offered by accredited colleges and universities in Ohio.

The Board will approve participation by students who apply to the participating college or university (institute of higher education or IHE) and meet the IHE's and relevant academic program's established standards for admission, enrollment, and course placement. Participating students will be eligible to receive secondary credit for completing any of these programs. To be eligible, students must be in seventh, eighth, ninth, tenth, eleventh, or twelfth grade and must either be remediation-free in one (1) of the assessments established under R.C. 3345.061(F) or meet an alternative remediation-free eligibility option as defined by the Chancellor of Higher Education in consultation with the Superintendent of Public Instruction. Students who participated in the College Credit Plus Program before September 30, 2021, and who qualified to participate in accordance with prior law by scoring within one (1) standard error of measurement below the remediation-free threshold for one (1) of the required assessments, and having a cumulative high school grade point average of at least 3.0 or alternatively receiving a recommendation from a school counselor, principal, or career-technical program advisor, may remain eligible to participate.

In addition, under Federal and State law, male students who are eighteen (18) years of age or older and who are classified as an Ohio resident by the public college or university they are attending through the College Credit Plus Program are required to be registered with the Selective Service System. Participating male students are required to provide their Selective Service number to the public college or university within thirty (30) days of their 18th birthday. If such students do not submit their Selective Service number, they will not be considered a College Credit Plus participant for that current semester or term and will be responsible for any tuition, textbooks, or fees associated with the classes for which they are enrolled.

Underperforming and Ineligible Students

If a student participating in the College Credit Plus Program under the option set forth in R.C. 3365.06 (B) either: A) fails to maintain a grade point average of 2.0 or higher in the college courses taken through the College Credit Plus Program; or B) withdraws from, or receives no credit for two (2) or more courses in the same term, the student will be considered an underperforming student. If a student maintains underperforming student status for two (2) consecutive terms of enrollment, the student will be deemed "ineligible."

Probation

Immediately after determining a student has obtained underperforming student status, the Superintendent shall place the student on probation within the College Credit Plus Program and notify the underperforming student, his/her the underperforming student's parents, and each IHE in which the student is enrolled of his/her the underperforming student's status. The underperforming student and his/her their parents shall also be notified of the following requirements for continued participation in the Program while on probation:

- A. The student shall only enroll in one (1) college course during any term.

- B. The student shall refrain from enrolling in a college course in the same subject as a college course in which the student earned a grade of "D" or "F" or for which the student received no credit.
- C. If the student had registered for more than one (1) college course for the next term prior to being placed on probation, the student shall request each IHE in which s/he the student is enrolled to dis-enroll the student from those courses that conflict with the terms of his/her the student's probationary status.
1. If a student elects to remain enrolled in one (1) course for the next term, s/he the student shall inform the IHE of the course in which the student would like to remain enrolled.
 2. If the student fails to dis-enroll from any courses that conflict with his/her the student's probationary status, the Superintendent shall immediately notify the student and his/her the student's parents that the student shall assume responsibility for any and all tuition, fees, and costs for textbooks for any courses from which the student was required to dis-enroll. In this notification, the student and his/her the student's parents shall also be advised that the student shall be deemed an ineligible student and dismissed from the program for the next term in accordance with the dismissal procedures set forth below.
- D. If a student takes a course after being placed on probation and such course raises the student's cumulative grade point average to 2.0 or higher in the college courses taken through the College Credit Plus Program, the student shall be removed from probation. The student may participate in the Program without restrictions unless s/he the student is declared to be an underperforming student again.
- E. If a student takes a course after being placed on probation and such course does not raise the student's cumulative grade point average to 2.0 or higher in the college courses taken through the College Credit Plus Program, the student shall be dismissed from the Program in accordance with the dismissal procedures set forth below.

Dismissal

If a student is deemed ineligible to participate in the College Credit Plus Program, s/he the student will be dismissed from the Program. The Superintendent shall notify the ineligible student, his/her the student's parents, and each IHE in which the student is enrolled of his/her the student's dismissal. The ineligible student and his/her the student's parents shall also be notified that the student shall not take any college courses through the Program following his/her the student's dismissal.

If the student had registered for more than one (1) college course for the next term prior to being dismissed from the Program, the student shall request each IHE in which s/he the student is enrolled to dis-enroll the student from the Program.

If the student fails to dis-enroll following his/her the student's dismissal from the Program, the Superintendent shall immediately notify the student and his/her the student's parents that the student shall assume responsibility for any and all tuition, fees, and costs for textbooks for any courses from which the student was required to dis-enroll. In this notification, the student and his/her the student's parents shall also be advised that the Superintendent shall extend/continue the student's dismissal from the Program for an additional term.

Reinstatement

Following one (1) term of dismissal, a student may submit a request to the Superintendent to be reinstated to the College Credit Plus Program. Summer shall only be counted as a term if the student is enrolled in one (1) or more high school courses during the summer. Upon receipt of the reinstatement request, the student's full high school and college academic record will be reviewed to determine whether the student has achieved academic progress and whether s/he the student will be reinstated on probation or without restriction.

Reinstatement on Probation or without restriction: In order to be reinstated to the College Credit Plus Program on probation, the student must meet the following academic progress criteria:

Reinstatement on Probation or without Restriction: In order to be reinstated to the College Credit Plus Program on probation, the student must show completion and administrative verification of the student's success plan as outlined on the CCP dismissal form.

- B. () _____
- C. () _____

~~Reinstatement without Restriction: In order to be reinstated without any restrictions, the student must meet the following academic progress criteria:~~

If the student fails to demonstrate academic progress as defined above, the Superintendent shall extend/continue the student's dismissal for an additional term(s). During the dismissal period, the student shall remain ineligible to participate in the College Credit Plus Program until academic progress is achieved.

Appeals

Any student who is dismissed from the College Credit Plus Program or prohibited from taking a course in which the student earned a grade of "D" or "F" or for which the student received no credit may appeal the decision to the Superintendent. The appeal must be filed within five (5) business days after the student is notified of the dismissal or prohibition against taking a course. Upon receiving the appeal, the Superintendent must immediately notify each IHE in which the student is enrolled that the student has filed an appeal.

When reviewing a student's appeal, the Superintendent shall consider any extenuating circumstances separate from the student's academic performance that may have affected or otherwise impacted the student's status in the College Credit Plus Program. After considering such information, the Superintendent may:

- A. allow the student to participate in the Program without restrictions;
- B. allow the student to take a course in which the student earned a grade of "D" or "F" or for which the student received no credit;
- C. allow the student to participate in the Program on probation; or
- D. maintain the student's dismissal from the Program.

The Superintendent shall issue a decision on the student's appeal within ten (10) business days after the date the appeal is filed. The Superintendent's decision shall be final and ~~shall be the Superintendent's~~ shall immediately provide notification of the decision to each IHE in which the student is enrolled.

- A. If the Superintendent decides to continue the student's dismissal from the College Credit Plus Program and the student is enrolled in an Institution of Higher Education, such IHE shall permit the student to withdraw from all courses in which the student is enrolled without penalty. The Board shall not be required to pay for such courses.
- B. If the Superintendent fails to issue a timely decision after the date the appeal is made and the student is enrolled in an Institution of Higher Education, such IHE shall permit the student to withdraw from all courses in which the student is enrolled without penalty. If the decision is issued after the IHE's no-fault withdrawal date, the Board shall be required to pay for such courses.

The Board will provide information about the College Credit Plus Program prior to February 1st to all students enrolled in grades six (6) through eleven (11) and their parents as outlined in AG 2271. If the student has elected to receive credit for course(s) toward fulfilling graduation requirements as well as the College Credit Plus Program credit, that election is automatically revoked for all college courses in which the student enrolled during the college term in which the expulsion is imposed.

When a student is expelled, the Board directs the Superintendent to send written notice of the expulsion to any college in which the expelled student is enrolled under R.C. 3365.03 (College Credit Plus Program) at the time the expulsion is imposed. This notice shall indicate the date the expulsion is scheduled to expire and that the Board has adopted a policy under R.C. 3313.613 to deny high school credit for College Credit Plus Program courses taken during an expulsion. If the expulsion period is later extended, the Superintendent shall notify the college of the extension.

The Board will collect, report, and track program data annually in accordance with data reporting guidelines adopted by the Chancellor and the Superintendent of Public Instruction pursuant to R.C. 3365.15.

The Superintendent shall establish the necessary administrative guidelines to comply with State law which will thereafter be properly communicated to both students and their parents. 2340 - **FIELD AND OTHER DISTRICT-SPONSORED TRIPS**

The Board of Education recognizes that field trips, when used for teaching and learning integral to the curriculum, are an educationally sound and important ingredient in the instructional program of the schools. Properly planned and executed field trips should:

- D. ☒ bring the resources of the community - natural, artistic, industrial, commercial, governmental, educational - within the student's learning experience;
- E. ☒ afford students the opportunity to study real things and real processes in their actual environment.

For purposes of this policy, a field trip shall be defined as any planned journey by one or more students away from District premises, which is an integral part of a course of study and is under the direct supervision and control of a professional staff member or any advisor as designated by the Superintendent.

Other District-sponsored trips shall be defined as any planned, student-travel activity which is approved as part of the District's total educational program and is under the direct supervision and control of a professional staff member or any advisor as designated by the Superintendent.

Furthermore, school personnel shall not accept any compensation from a vendor after a decision has been made regarding the location for, or a vendor that will provide transportation to, a field or other District-sponsored trip. In addition, school personnel who recommended the location for, or a vendor that will provide transportation to, a field or other district-sponsored trip shall not enter into a contractual arrangement whereby an individual staff member receives compensation in any form from the vendor that operates the venue for, or provides the transportation to, a field or other District-sponsored trip for services rendered.

Through relevant classroom instruction, career-related learning experiences, and a program of counseling and advising, students can discover their interests and explore academic and career pathway options.

The District's Career Advising Plan shall include:

- A. Grade-level examples that link students' schoolwork to one (1) or more career fields ~~(-) by initially implementing the Career Connections Learning Strategies offered by the Ohio Department of Education [END OF OPTION].~~

- ~~3. Before developing a Student Success Plan, District staff will invite the student's parent/guardian/custodian to assist. If that adult does not participate in the plan development, the District will provide the adult with a copy of the plan, a statement of the importance of a high school diploma, and a listing of the pathways to graduation available to the student.~~
- ~~4. After the Student Success Plan is developed, the District will provide career advising to the student that is aligned with the Student Success Plan and the District's career advising plan.~~

- D. Training for employees on how to advise students on career pathways, including training on advising students using the tools available in OhioMeansJobs K-12.

~~(-) This may also include training on other online tools provided that offer resources for discovering career interests,~~

~~exploring and researching career and education options, and supporting the development of a Student Success Plan.~~

- E. Multiple academic and career pathways through high school that students may choose to earn a high school diploma, including opportunities to earn industry-recognized credentials and postsecondary course credit.
- F. Information on courses that can award students both traditional academic and career-technical credit.
- G. Information regarding career fields that require an industry-recognized credential, certificate, associate's degree, bachelor's degree, graduate degree, or professional degree.
- H. Information about ways to offset the costs of a postsecondary education including:

~~The Board expressly declines to create a limited open forum for clubs and activities, initiated by students, that cannot meet one (1) of the four (4) criteria stated above.~~

~~**{ } [OPTION #2]**~~

The Board shall allow nondistrict-sponsored, student clubs and activities during noninstructional time, in accordance with the provisions in Policy 5730 - Equal Access For Nondistrict-Sponsored, Student Clubs and Activities.

~~**{END OF OPTIONS}**~~

~~**{ } [OPTION #3]**~~ Noncurricular student activities that are initiated by parents or other members of the community may be allowed under the provisions of Policy 7510 - Use of District Facilities. The Board, however, will not:

- A. ~~()~~ assume any responsibility for the planning, conducting, or evaluating of such activities;

B. (X) provide any funds or other resources;

C. (X) allow any member of the District's staff to assist in the planning, conducting, or evaluating of such an activity during the hours the staff member is functioning as a member of the staff.

No nondistrict-sponsored organization may use the name of the School District or any other name which would associate an activity with the District.

In order to be eligible for any co-curricular, interscholastic, and noninterscholastic extra-curricular activity, a student (X) must have maintained at least a 1.25 grade-point average ~~() must not have received a failing grade in any course~~ ~~[END OF OPTION]~~ for the ~~() semester(s)~~ (X) grading period ~~[END OF OPTION]~~ prior to the ~~() semester~~ (X) grading period ~~[END OF OPTION]~~ in which the student wishes to participate. Students who are educated at home or enrolled in nonpublic schools are eligible to participate in accordance with Policy 9270. Students attending community or STEM schools may participate in extra-curricular activities in accordance with Policy 2430.02.

~~[] An exception may be made by the Principal if the student has been participating in an intervention program and has shown satisfactory progress toward achieving the minimum grade point average.~~

If a student who becomes ineligible under these standards improves their grade point average during the current ~~() semester~~ (X) grading period ~~[END OF OPTION]~~ enough to meet the eligibility standard, the student may be reinstated (X) at the beginning of the next ~~() semester~~ (X) grading period ~~[OR] () after _____ () more () semester(s) () grading period(s) with an acceptable grade point average () and no failing grades~~ ~~[END OF OPTION]~~.

Students identified as disabled under R.C. Chapter 3323 and the IDEA are subject to the eligibility standards established by this policy unless specifically exempted by the express terms of their individualized education program (IEP). An IEP can specify the criteria by which a grade will be determined for [a] course[s], given the individual student's disability.

Whenever a student becomes a member of a District-established student group or national organization, such as the National Honor Society, in order to remain a member, the student must continue to meet all of the eligibility criteria and abide by the principles and practices established by the group or organization.

~~[] Any student who has not made a passing score on all required sections of State mandated tests after _____ () attempts shall be ineligible to participate in any extra-curricular activity, including athletics.~~

~~[Note: The following should be selected, if at all, only if the District provides intervention programs to help students pass the proficiency tests at times that would conflict with participation in the extra-curricular activity.]~~

~~[] The Board believes a student who has not passed these tests would be better served using the time that the student would be participating in their interscholastic or non-interscholastic extra-curricular activity to participate in one (1) or more of the District's intervention programs for assisting students to pass the required tests.~~

~~[] However, if a parent believes that their child may be unduly affected by the child's lack of participation in a particular interscholastic or noninterscholastic extra-curricular activity, the parent may come to the school and sign a waiver that will release the student from this proficiency test eligibility rule and allow him/her to participate in an activity. The parent shall be informed, prior to signing the waiver, that State law does not allow a student to receive a high school diploma unless the student has passed all State testing requirements.~~

The Athletic Director and/or Principal shall require that each student-athlete who participates in either an interscholastic or intramural sport submits the designated District form Form 2431-F1 and Form 2431-F2 signed by the student and the student's parent or guardian, or by a person having care or charge of the student, affirming that each has received the Ohio Department of Health's concussion and head injury information sheet. The forms shall be signed and submitted on an annual basis. No student may practice or compete in interscholastic or intramural athletics until the designated District Form 2431-F1 and Form 2431-F2 are received by the Athletic Director or Principal. No student will be denied the opportunity to participate in interscholastic athletics offered by a school in the District because the student has or is participating in the college credit plus program, as long as the student fulfills all academic, nonacademic, and financial requirements.

Students shall be fully informed of the curricular-related and extra-curricular activities available to them and of the eligibility standards established for participation in these activities. Students will be further informed that participation in these activities is a privilege and not a right, and that they may be prohibited from all or part of their participation in such activities by authorized school personnel without further notice, hearing, and/or appeal rights (see Policy 5610.05 - Prohibition from Extra-Curricular Activities). District-sponsored activities shall be available to all students who elect to participate and who meet eligibility standards.

No student will be limited from wearing religious apparel while participating in interscholastic or non-interscholastic extra-curricular activities unless such apparel poses a legitimate danger to participants. If such danger is identified, the student will be offered reasonable accommodations available for the participant wearing religious apparel.

The Superintendent shall prepare administrative guidelines to implement a program of curricular-related clubs and activities and of extra-curricular activities. Such guidelines should ensure that the needs and interests of the students are properly assessed and procedures are established for continuing evaluation of each club and activity.

Adopted	September 12, 2011
Last Revised	May 17, 2018

2461 - RECORDING OF DISTRICT MEETINGS INVOLVING STUDENTS AND/OR PARENTS

Recording of IEP Team and 504 Team Meetings

~~{SELECT OPTION # 1 OR OPTION # 2}~~

~~{OPTION #1}~~

☒] In order to facilitate parents' ability to fully participate in the IEP and/or 504 process, parents of students with disabilities are ordinarily permitted to audio record IEP Team meetings and 504 Team meetings in accordance with the following procedures:

- A. Parents wishing to audio record an IEP Team meeting or 504 Team meeting must utilize their own recording device and provide notice to the District prior to the date of the scheduled IEP Team or 504 Team meeting.
- B. If parent(s) elects to audio record an IEP Team meeting, the District will also record the meeting.

~~{END OF OPTION #1}~~

~~{OPTION #2}~~

~~{ } The recording of IEP Team meetings and 504 Team meetings is prohibited unless it is necessary in order for a parent to understand the IEP process or 504 process and/or his/her child's IEP or 504 Plan, or otherwise necessary to implement other parental rights under the IDEIA, Section 504 of the Rehabilitation Act of 1973, as amended, and/or the Americans with Disabilities Act, as amended.~~

- ~~A. If a parent believes that audio recording an IEP Team or 504 Team meeting is necessary, s/he should notify _____ [Principal or Director of Pupil Services or Director of Special Education] in writing, preferably at least two (2) school days before the IEP Team or 504 Team meeting, of his/her desire to audio record the meeting and the reason the recording is required. The _____ will notify the parent at least one (1) school day before the meeting if s/he intends to deny the parent's request to record the meeting.~~
- ~~B. If the District representative denies the request, s/he will state in writing the reasons for the denial. Authorized exceptions to the general prohibition against the audio recording of IEP Team meetings and 504 Team meetings will typically involve situations when a parent or other IEP Team or 504 Team member has a disability recognized under Section 504/ADA or a language barrier that would preclude the individual's ability to understand and/or meaningfully participate in the IEP process or 504 process. The District representative may ask for documentation of the existence of any such disability or language barrier. If a parent is permitted to audio record the meeting, s/he must use his/her own recording device and the District will similarly record the meeting.~~

~~{END OF OPTION #2}~~

~~Recording of Other District Meetings Involving Students and/or Parents (e.g., Parent Teacher Conferences)~~

~~{SELECT OPTION #3 or OPTION #4}~~

~~{OPTION #3}~~

~~**[]** Parents are permitted to audio record meetings with the District provided they notify the District prior to the date of the scheduled meeting of their intent to record the meeting. If a parent provides the requisite notice and is permitted to audio record the meeting, s/he must use his/her own recording device and the District will similarly record the meeting.~~

~~{OPTION #4}~~

[x] Parents are prohibited from audio recording meetings with the District unless a parent or District staff member has a disability recognized under Section 504/ADA or a language barrier that would preclude the individual's ability to understand and/or participate in the meeting. The District representative may ask for documentation of the existence of any such disability or language barrier. If a parent is permitted to audio record the meeting, s/he must use his/her own recording device and the District will similarly record the meeting.

~~{END OF OPTIONS}~~

Video recording any District meeting is strictly prohibited.

Parents and students are expressly prohibited from using covert means to listen-in or make a recording (audio or video) of any meeting or activity at school. This includes placing recording devices, or other devices with one- or two-way communication technology (i.e., technology that allows a person off-site to listen to live conversations and sounds taking place in the location where the device is located), within a student's book bag or on the student's person without express written consent of the Superintendent. Any requests to place a recording device or other device with one- or two-way audio communication technology within a student's book bag or on a student's person shall be submitted, in writing, to the Principal? ~~**[e.g. Principal or Director of Pupil Services]**~~. The District representative shall notify the parent(s), in writing, whether such request is denied or granted within five (5) days.

If the District audio records any meeting, the resulting recording shall become a part of the student's educational record and will be maintained in accordance with State and Federal law.

- B. Written criteria provided by the District shall include an explanation of the methods used to ensure equal access to each gifted service for all eligible District students, including minority or disadvantaged students, students with disabilities, and students for whom English is a second language.
- C. Services which students receive shall be consistent with their area(s) of identification and shall be differentiated to meet their needs.
- D. Subjective criteria such as teacher recommendations shall not be used to exclude a student from service in the superior cognitive and specific academic areas who would otherwise be eligible.

The WEP shall include goals for the student, methods and performance measurements for evaluating progress on the goals, and a schedule for reporting progress to students and parents.

Parents and all educators responsible for providing gifted education services to the student, including teachers providing differentiated instruction in general education settings, shall be provided a copy of the WEP.

Students participating in gifted services provided outside the general education classroom will generally be exempted from routine classwork (worksheets, homework, etc.) assigned during absences from the regular classroom due to participation in the gifted services. The Board of Education shall assess student achievement and needs in all program areas in compliance with State law and the rules adopted by the State Board of Education. The purpose of such assessments will be to determine the progress of students and to assist them in attaining student performance objectives and the educational achievement goals of this District.

The Board shall administer the State-mandated tests (e.g., diagnostic assessments and achievement tests) to students at the times designated by the State Board of Education. The Board may, for medical reasons or other good cause, excuse a student from taking a State-mandated test on the date scheduled, but any such test shall be administered to such excused student not later than nine (9) days following the scheduled date. The Board shall annually report, not later than June 30th, the number of students who have not taken one (1) or more of the State-mandated tests to the State Board of Education.

The District shall require that all appropriate staff have knowledge of the prescribed standards of ethical assessment practice and shall monitor the assessment practices for compliance with these standards. These duties shall include:

The Board shall provide academic intervention services in pertinent subject areas to students who score below the proficient level in reading, writing, mathematics, social studies, or science achievement test, or who do not demonstrate academic performance at their grade level based on the results of a diagnostic assessment.

At least annually, staff members will assess the academic achievement and learning needs of each student. Procedures for such assessments may include, but need not be limited to, teacher observation techniques, cumulative student records, student performance data collected through standard testing programs, and physical examinations.

"Statewide tests" means "any assessment that is provided by the Ohio Department of Education (ODE) for use in all participating schools in the State."

The Superintendent shall develop:

- A. procedures for the regular collection of student performance data;
- B. a plan for the design of classroom-based intervention services to meet the instructional needs of individual students as determined by the results of diagnostic assessments; and
- C. procedures for using student performance data to evaluate the effectiveness of intervention services and, if necessary, to modify such services.

For any student who failed to demonstrate at least a score at the proficient level on an achievement test during the preceding school year, the Board shall provide appropriate intervention services commensurate with the student's test performance in each such test area, including intensive prevention, intervention, or remediation required under R.C. 3301.0711, 3301.0715, 3313.608, or R.C. 3313.6012.

The Board shall require that:

- A. ☒ parents be informed of the testing program of the schools and of the special tests that are to be administered to their children;
- B. ☒ data regarding individual test scores be entered on the student's cumulative record, where it will be subject to the Board's student records policy;
- C. ☒ the aggregate results of each school-wide, program-wide, and District-wide test be made part of the public record.

Summer remediation services shall meet the following conditions:

- A. the remediation methods are based on reliable educational research
- B. testing will be conducted before and after students participate in the program to facilitate monitoring results of the remediation services
- C. the parents of participating student will be involved in programming decisions
- D. the services will be conducted in a school building or community center and not on an at-home basis

The Board shall keep records for each student including the following:

- A. a unique State student identification code or a student data verification code as required in accordance with R.C. 3301.0714(D)(2)
- B. a list or designation of which tests are required and which tests are not required
- C. a list or designation of which tests, required or not required, are taken and which are not taken at each test administration period
- D. score for each test taken, required or not

No information shall be on the student's transcript for a test not passed.

When a student who has taken State-mandated tests in one (1) school leaves that school to enroll in another school, the school previously attended shall provide, immediately upon request by a school official from the enrolling school, all applicable records set forth above.

For each student required to be offered intervention services, the Board shall involve the student's parent or guardian and classroom teacher in developing the intervention strategy, and shall offer to the parent or guardian the opportunity to be involved in the intervention services.

During the school year following the year in which the tests prescribed by R.C. 3301.0710(A)(1) are administered to any student, the Board shall provide appropriate intervention services, commensurate with the student's test performance, including any intensive prevention, intervention, or remediation required under R.C. 3301.0711, 3301.0715, 3313.608 or R.C. 3313.6012, in any skill in which the student failed to demonstrate at least a score of proficient level on an achievement test.

Except as authorized by State law, the Board shall not use any student's failure to attain a specified score on any State-mandated test as a factor in any decision to deny the student promotion to a higher grade level.

All identified students with disabilities in the School District shall be considered for participation in the State-mandated testing. The extent of the student's participation shall be determined by the IEP Team. Accordingly, the student's IEP shall require that s/he take:

- A. the required assessments in the same manner as other students;
- B. the required assessments with accommodations appropriate for his/her disability; or
- C. an alternate assessment that has been approved by the State Department of Education.

To the extent possible, and in accordance with law, a student with disabilities shall not be excused from taking a required assessment unless no reasonable accommodation can be made to enable the student to take the assessment.

The Superintendent shall implement administrative guidelines that comply with the State Department's regulations with regard to the administration of the State-mandated tests including the reporting of results.

Program evaluations will be reviewed and updated every five (5) years. A schedule for such will be developed and implemented by the Superintendent.

2623.02 - THIRD GRADE READING GUARANTEE

All students entering the third grade are expected to demonstrate a certain level of competency in reading before advancing to the fourth grade.

In accordance with State law, the Superintendent shall develop a program for the annual assessment of the reading skills of each student at the end of first, second, and third grade and identify those students who are reading below their grade level. Each student's classroom teacher shall be involved in the assessment and identification of those students who are reading below grade level.

The District shall provide intervention services to students whose assessments show that they are failing to make satisfactory progress toward attaining the academic standards for their grade level.

Definitions

"On track" means any student who is reading at grade level based on previous end-of-year standards expectations by September 30th.

"Not on track" means any student who is not reading at grade level based on previous end-of-year standards expectations by September 30th.

Assessment of Reading Skills Program

- A. Diagnostic assessments in reading, as approved by the Ohio Department of Education and Workforce (DEW), shall be given by September 30th of each year for students in kindergarten through Grade Three (3), with the exception of students with significant cognitive disabilities or other disabilities as authorized by the DEW on a case-by-case basis. For kindergarten students, the kindergarten readiness assessment shall be administered not earlier than the first day of the school year and not later than November 1st, except the language and readiness skills portion of the assessment shall be administered by September 30th. For students enrolled in first, second, or third grade, the diagnostic assessments in reading shall be administered at least once annually.

The District shall administer each applicable diagnostic assessment to any student who transfers into the District or into a new school within the District who did not take a diagnostic assessment at the previous school during the current school year unless the student is excused from taking the assessment as provided for in the preceding

paragraph. The diagnostic assessment(s) shall be administered within thirty (30) days of transfer.

After the administration of any diagnostic assessment, the District shall provide to each student's parent a copy of the student's completed diagnostic assessment, the results of such assessment, and any other accompanying documents used during the administration of the assessment. The preceding documents and information shall be included in any reading improvement and monitoring plan(s) developed with respect to the student. The District shall also submit to the DEW the results of the diagnostic assessments administered pursuant to this section.

B. Diagnostic assessment results shall be translated to DEW's definitions of "on track" and "not on track". The District shall make the final determination regarding whether a student is "on track" or "not on track".

C. If the diagnostic assessment shows that a student is "not on track" to be reading at grade level by the end of the year, the parent will be notified, in writing, of the following:

1. that the school has identified the student as having a substantial deficiency in reading
2. a description of current services provided to the student
3. a description of proposed supplemental instructional services and supports that will be provided to the student that are designed to remediate the identified areas of reading deficiency
4. that the statutorily prescribed assessment is not the sole determinant of promotion and that additional evaluations and assessments are available to the student to assist parents and the District in knowing when a student is reading at or above grade level and ready for promotion
5. that the student will be retained in the third grade if the student does not attain a score in the statutorily prescribed level on the third grade English Language Arts assessment unless the student is exempt as delineated below, and
6. a statement that connects the child's proficiency level in reading to long-term outcomes of success related to proficiency in reading

D. For each student identified to be "not on track", the District shall:

1. provide intensive reading instruction services and regular diagnostic assessments immediately following the identification of a reading deficiency until the development of a reading improvement and monitoring plan;

The intervention services shall be aligned with the science of reading as defined under State law and include research-based reading strategies that have been shown to be successful in improving reading among low-performing readers and instruction targeted to the student's identified reading deficiencies.

2. develop a reading improvement and monitoring plan (RIMP) within sixty (60) days of learning of the reading deficiency, which will be provided until the student achieves the required level of skill in reading for the child's current grade level;

The District shall involve the student's parent/guardian and classroom teacher in developing the plan.

3. assign a teacher who has at least one (1) year of teaching experience and satisfies one (1) or more of the following criteria:
 - a. holds a reading endorsement and has attained a passing score on the corresponding assessment, as applicable
 - b. has obtained a master's degree with a major in reading
 - c. was rated "most effective" for reading instruction consecutively for the most recent two (2) years based on assessments of student growth measures developed by a vendor and that is on the list of DEW-approved student assessments

- d. was rated "above expected value added" in reading instruction, as determined by criteria established by the DEW, for the most recent consecutive two (2) years
- e. has earned a passing score on a DEW-approved rigorous test of principles of scientifically research-based reading instruction
- f. holds an educator license for teaching grades pre-kindergarten through three (3) **or** four (4) through nine (9) issued on or after July 1, 2017

The District may alternatively assign a teacher with less than one (1) year of teaching experience, provided the teacher meets at least one (1) of the criteria (a-f) set forth above and the teacher is assigned a qualified teacher mentor. The student may receive reading intervention or remediation services from a duly licensed speech-language pathologist.

Finally, nothing in this Policy shall prevent a teacher, other than a student's classroom teacher (i.e., teacher of record), from providing the requisite reading intervention or remediation services to the student, so long as the assigned teacher has at least one (1) year of teaching experience, satisfies at least one (1) of the criteria (a-f) set forth above, and both the classroom teacher and the building Principal agree to the assignment. Such an assignment must be documented in the student's reading improvement and monitoring plan.

Reading Improvement and Monitoring Plan(RIMP)

A reading improvement and monitoring plan will be provided until the student achieves the required level of skill in reading for the student's current grade level. The RIMP developed for students identified as "not on track" shall include:

- A. identification of the student's specific reading deficiency;
- B. a description of proposed supplemental instructional services and support that will be provided to the student to remediate the identified reading deficiencies;
- C. opportunities for the student's parent/guardian to be involved in the instructional services;
- D. a process to monitor the implementation of the student's instructional services;
- E. a reading curriculum during regular school hours that assists students to read at grade level, provides scientifically based and reliable assessments, and provides initial and ongoing analysis of each student's reading progress
- F. a statement that if the student does not attain at least the equivalent level of achievement pursuant to R.C. 3301.0710(A), the student may be retained in third grade; and
- G. high-dosage tutoring opportunities aligned with the student's classroom instruction through a State-approved vendor on the list of high-quality tutoring vendors, or a locally approved opportunity that aligns with high-dosage tutoring best practices. High-dosage tutoring shall include additional instruction time of at least three (3) days per week or at least fifty (50) hours over thirty-six (36) weeks.

Beginning with the 2024-2025 school year, the District will utilize evidence-based reading intervention programs that focus on intensive, explicit, and systematic instruction in phonetic awareness, phonics, vocabulary, fluency, comprehension, and writing from a list developed by the DEW. The District will not use and will not seek a waiver to use the three-cuing approach to teach students in grades pre-kindergarten to five (5) who have a RIMP except as permitted by law.

Reporting Requirements

All assessment results and determinations shall be compiled and maintained by the District. The District shall comply with all reporting requirements of Ohio's Third Grade Reading Guarantee.

Promotion/Retention

No student shall be promoted to the fourth grade who does not attain at least the equivalent level of achievement designated by R.C. 3310.0710(A)(3) on the assessment prescribed to measure skill in English language arts (ELA) expected at the end of third grade unless the student is excused from taking the assessment pursuant to R.C.

3301.0711(C), or one (1) of the following applies:

- A. the student is an English Learner who has been enrolled in United States schools for less than three (3) full school years and has had less than three (3) years of instruction in English as a second language program; or
- B. the student is a child with a disability entitled to special education and related services under R. C. Chapter 3323 and the student's individualized education program (IEP) exempts the student from retention under State law; or
- C. the student demonstrates an acceptable level of performance on an alternative standardized reading assessment as determined by the Ohio Department of Education and Workforce (DEW); or
- D. all of the following apply:
 - 1. The student is a child with a disability entitled to special education and related services under R.C. Chapter 3323.
 - 2. The student has taken the third grade English language arts achievement assessment, as prescribed.
 - 3. The student's IEP or Section 504 Plan shows that the student has received intensive remediation in reading for two (2) school years, but still demonstrates a deficiency in reading.
 - 4. The student previously was retained in any of grades kindergarten to three (3).
- E. the student received intensive remediation for reading for two (2) school years but still demonstrates a deficiency in reading and was previously retained in any of grades kindergarten to three (3). Any such student shall continue to receive intensive reading instruction in grade four (4). The instruction shall include an altered instructional day that includes specialized diagnostic information and specific research-based reading strategies that have been successful in improving reading among low-performing readers; or
- F. a student's parent or guardian, in consultation with the student's reading teacher and building principal, requests that the student, regardless of if the student is reading at grade level, be promoted to fourth grade. Any such student will continue to receive intensive reading instruction in the same manner as a student retained until the student is able to read at grade level.

A student retained under the provisions of the Third Grade Reading Guarantee and this policy shall be considered for mid-year promotion if that student demonstrates that the student is reading at or above grade level, in accordance with the provisions of Policy 5410 - Promotion, Academic Acceleration, Placement, and Retention. Such action shall be considered in consultation with the parent/guardian and the Student Intervention Team and with the concurrence of the building administrator.

Intensive Remediation Services

Remediation services for students on reading improvement and monitoring plans shall be aligned with the science of reading as defined by State law and include research-based reading strategies that have been shown to be successful in improving reading among low-performing readers.

If a student is retained by the Third Grade Reading Guarantee, the student must be provided intense remediation services until the student is able to read at grade level. The remediation services must include intense interventions and consist of at least ninety (90) minutes of reading instruction daily.

The District shall provide the option for students to receive reading intervention services from one (1) or more providers other than the District. Both the District and the DEW have the authority to screen and approve such providers.

Interventions for students who have been retained may include:

- A. small group instruction;
- B. reduced student-teacher ratios;

- C. more frequent progress monitoring;
- D. tutoring or mentoring;
- E. transition classes containing third and fourth grade students;
- F. summer reading camp; or
